INTRODUCTION

This document contains the Reporting Standards for print and digital copies of products registered in the Business Magazines sector.

The PDF versions of the Reporting Standards are issued at a certain point in time. As Reporting Standards are updated periodically, please check the website <https://www.abc.org.uk/reporting-standards> to ensure you are using the latest applicable standards.

Each category of circulation in the Reporting Standards has the following:

- Definition
- Principles
- Requirements
- Reporting
- Guidance

If you are after a quick understanding of the key points of any section then the definition and principles will provide an overview.

The guidance sections provide examples of how the requirements might be complied with. We will add to or amend these over time where we consider there may be a benefit following the identification of specific circumstances or requests for advice.

If you have any queries regarding how the Reporting Standards affect you or any specific queries please contact the ABC Client services team on 01442 870 800 or email info@abc.org.uk.

GENERAL PRINCIPLES AND RECORD KEEPING

INTRODUCTION

This section sets out some key requirements relating to the overall reporting and auditing of your ABC claim.

PRINCIPLES

1. **Publication must be eligible to report under the Reporting Standards**
2. **Copies must comply with the Reporting Standards**
3. **Transactions related to the claim must be bona fide 'arm's length' arrangements**
4. **Evidence to support the claim must be retained and available for a minimum period**
5. **There is a designated Audit Issue**

REQUIREMENTS

1. **The publication must be eligible to report under the Reporting Standards**
 - a) You may apply to register a print or digital publication under the Business Magazine Reporting Standards.
2. **Copies must comply with the Reporting Standards**
 - a) Copies claimed must comply with the relevant sections of these Reporting Standards with the following exceptions which you specifically cannot claim:
 - i) Free copies to contributors
 - ii) Free copies to advertisers
 - iii) Free copies to advertising agencies. Note: You may claim controlled or non-controlled free circulation to advertising agencies providing the publication relates to the running of the agency business. *For example: an office equipment magazine.*
 - iv) Free copies to press cutting agencies
 - v) File or office copies
 - vi) Free publisher employee copies
 - vii) Paid publisher employee copies (unless they qualify under the Paid Employee Copies category or they are purchased as a normal consumer).
3. **Transactions related to the claim must be bona fide 'arm's length' arrangements**
 - a) Transactions or arrangements (such as sales, circulation or distribution services) with your own organization or Related Parties will initially be deemed as not bona fide 'arms-length' for ABC purposes, meaning they cannot be included in your claim. However they can be included if you are able to demonstrate to the satisfaction of your auditor or ABC that these comply with the Reporting Standards and are bona fide 'arm's length' arrangements.
 - b) Related Parties for ABC purposes will include where:
 - i) One party has direct or indirect control of the other party; or
 - ii) The parties are subject to common control from the same source; or

- iii) One party has influence over the financial & operating policies of the other party to an extent that the other party might be inhibited from pursuing at all times its own separate interests; or
- iv) The parties, in entering a transaction, are subject to influence from the same source to such an extent that one of the parties to the transaction has subordinated its own separate interests.
- v) Transactions between contract publishers and their clients are deemed not to be arm's length in relation to a specific publication produced for that client.

This means the following are considered Related Parties for ABC purposes:

- The publisher, its subsidiary, parent and fellow undertakings (and Directors of these)
- Associates and Joint Ventures (and their investors)

4. Evidence to support the claim must be retained and available for a minimum period

- a) You must retain and be able to provide all records supporting the claim, including but not limited to:
 - i) An analysis of the claim by issue.
 - ii) Evidence supporting the number of copies printed for each issue claimed.
 - iii) Evidence supporting the number of copies distributed for each issue claimed, relevant to its circulation type.
 - iv) Evidence for each copy supporting the relevant circulation category and geographical region in which it is claimed on an issue by issue basis (i.e. not on a transactional basis).
 - v) A copy of each issue and any Editions claimed.
 - vi) Financial records.
- b) Records supporting the claim must be retained until we have completed the audit of the certificate for the subsequent corresponding Reporting Period. *For example the records supporting the January to December 2021 period must be retained until we have completed the audit for January to December 2022.*
- c) Records supporting the claim must be retained and made available to your Auditor or ABC on request, in accordance with the ABC Byelaws.

5. There is a designated Audit Issue

- a) The Audit Issue is a designated issue in the Reporting Period for which the Reporting Standards specify certain information is required to be retained or reported.
- b) The Audit Issue is by default the issue distributed nearest to the first day of the last month in the Reporting Period, which also falls within the Reporting Period.
 - i. You may opt to select as your publication's Audit Issue, the issue distributed either immediately prior or immediately after the default Audit Issue, providing the selected issue's distribution date falls within the last 3 months of the Reporting Period.

GUIDANCE

G4. Evidence to support the claim must be retained and available for a minimum period

- a) In relation to evidence supporting the number of copies distributed for each issue claimed, this must enable identification of the publication name, issue and quantity of copies. This means copies posted using a franking machine will not normally be able to be claimed as the records will not identify what has been posted.
- b) In relation to mailed copies there is no need to remove copies from the claim that are returned because they are undeliverable. *For example copies returned addressee gone away or not known.*

- c) In relation to print evidence you will normally provide print invoices and evidence of payment. If printing is carried out in-house or within a Related Party organisation then production records may be required. Other financial records may also be reviewed.
- d) In relation to distribution evidence you will normally provide distributors' invoices/despatch notes and evidence of payment. Other financial records may also be reviewed.
- e) In relation to publication sales you may need to provide access to financial records including sales ledgers and bank statements on request.
- f) The auditor may accept copies of records stored electronically, but we advise you check first.
- g) If records are not available or not accepted by your auditor/ABC then this may result in copies being disallowed, certificates being withdrawn or cancellation of the publication's ABC registration.
- h) For ease of auditing and to avoid additional costs any mailing list supplied for audit should be presented in a format agreed between you and your auditor. One agreed format is:
 - i) One file per publication in a comma-delimited format
 - ii) One line per addressee
 - iii) Each addressee coded to identify the circulation category/rate in which it has been claimed
 - iv) Separate fields for name, job title, company name, address records, circulation code, geographical code, request dates, number of copies etc
- i) We offer an optional 'sealed galley' service whereby a mailing list tested at an audit can be treated as a valid source record for future audits. This avoids the need to go back to original documentation at a future audit if a record is included on a mailing list previously audited and sealed. Please contact us for further details.

REPORTED DATA

INTRODUCTION

This section sets out other data and information that is reported on the ABC Certificate.

REQUIREMENTS

1. Type of Certificate

You may choose to report either a 'Standard' certificate of circulation or an 'International' certificate of circulation. You must report the Total Average Circulation and Audit Issue circulation as follows

a) Total Average Circulation

- i) 'Standard' certificate - analysed into UK and Other Countries, and by print and digital copies. You may opt to provide a more detailed geographical analysis if you wish.
- ii) 'International' certificate – analysed by print and digital copies. You must report a geographical analysis of the Audit Issue circulation.

b) Total Audit Issue Circulation

- i) 'Standard' certificate - analysed into UK and Other Countries, and by print and digital copies by circulation type as shown in the table below.
- ii) 'International' certificate – analysed by print and digital copies by circulation type as shown in the table below. You must also include as a minimum a geographical analysis of the Audit Issue circulation by World Region. You may opt to provide a more detailed analysis, such as by country.

Primary categories	Circulation categories eligible	Breakdown of copies	Additional analysis
Free Copies	Controlled Free <u>Other Free</u> Free Requested Delivered Copies Non-Controlled Free Monitored Free Distribution Sample Free Distribution	Requested (individual) Requested (colleague) Non-Requested (name) Non-Requested (job)	Age of requests Age of requests - Monitored Free Distribution: Net by hand Net Other Gross - Sample Free Distribution By issue
Membership Copies	Membership Copies (formerly Society)		Name of Society
Paid Single Copies	Retail Sales: Sale or return Limited Sale or Return Firm Sale Single Copy Sales		
Paid Subscriptions	Single Copy Subscriptions All You Can Read Sales (Digital Only) Multiple Subscriptions Corporate Subs (digital only)	Individual All You Can Read Sales Multiple Copy Corporate	

2. Issue details, circulations and variances

- a) You must report for each issue in the Reporting Period the issue identifier. *For example cover date, issue number*
- b) We will report the percentage variance of any issue's total circulation from the average circulation, where this is greater than 10%.
- c) You must report additional issue circulation figures as follows:
 - i) For publications publishing fewer than 18 issues in a calendar year, for each issue:
 - The issue's identifier and its total circulation*
 - The date of distribution
 - ii) For publications publishing 18 or more issues in a calendar year:
 - The number of issues distributed/made available in each month (determined as detailed in the section 'Issues to be Included').
 - The average of the total circulations* of those issues distributed in each month

*Not including any adjustments for differences between estimated and actual retail sales for previous periods (means these breakdowns may not equate exactly to the total average circulation).

3. Duplicate copies

- a) You cannot claim duplicate copies to a known individual unless there is a category available to report them (for example Multiple Subscriptions). Note:
 - i) A duplicate is defined as two or more occurrences of the same name, or company name (where the addressee is not identified by name or job title) or address unless it can be shown that the copies are distributed to different individual addressees.

4. Optional analyses

- a) You may request to report additional analyses, derived from (or closely connected with) data reported on the certificate, subject to the following:
 - i) The data to be reported on the certificate is, in our opinion:
 - Auditable
 - Related to the product being certified
 - Albeit reporting different information, is in keeping with the requirements for data and evidence in relation to existing relevant Reporting Standards. *For example: If the breakout is an analysis of subscription bundles, we would expect the evidence levels to be in line with that already in place for subscriptions.*
 - ii) We will review the request and confirm whether we agree it can be reported, how it will be reported and any requirements in relation to the audit timing or process.

Note: There may be additional costs associated with the preparation of the certificate and audit of the additional data.

GUIDANCE

None.

FREE COPIES

Controlled Free Circulation [Print/Digital]

DEFINITION

Copies sent free to a defined group of individuals.

PRINCIPLES

1. **Single copy per issue, distributed to an individual**
2. **Individual falls within defined criteria (Terms of Control)**
3. **Individual's details supported by identifiable and verifiable evidence that is less than five years old**
4. **Copies reported either as requested or non-requested**

REQUIREMENTS

1. **Single copy per issue, distributed to an individual**
 - a) You must be able to demonstrate the copy is distributed to the individual.
 - i) Each copy should be addressed or accompanied by instructions which enable the distributor to deliver to the individual.
 - b) You must retain a list of individual recipients for one designated issue each reporting period (the Audit Issue – see General Principles and Record Keeping section). In addition you must be able to recreate a list of any issue in the reporting period on request.
 - c) You cannot claim distribution of back issues.
2. **Individual falls within defined criteria (Terms of Control)**
 - a) The publisher sets the Terms of Control, complying with the following:
 - i) The wording must be clear and relate to individuals not companies
 - ii) Phrases or words that are subjective and/or difficult to explicitly prove are not permitted.
 - iii) There must be at least one qualifying demographic which is neither:
 - a geographic criteria at a country level or higher (*for example individuals in the UK*); or
 - an interest in the field (*for example individuals with an interest in technology*).
 - iv) It must be possible for individuals not to meet the criteria.
 - b) You must not publish either the Terms of Control or an approximation of these in the publication or on any documents or promotional material targeted at the reader.
3. **Individual's details supported by identifiable and verifiable evidence that is less than five years old**
 - a) At the date you distribute a copy you must have identifiable and verifiable evidence* that:
 - i) supports the individual's name, job title/function (as appropriate) and address details.

- ii) proves explicitly that the individual meets the Terms of Control.
- iii) is less than five years old. Please refer to the guidance for dating evidence.

***Identifiable and verifiable**

You must be able to **identify** (for any particular individual or information relevant to the claim) when and from where the information was obtained. *For example: The date plus whether it was obtained:*

- From a direct communication with the individual or a colleague (e.g. online form, event registration, telephone call); or
- From another organisation/operation, such as a Data Broker, Event Organiser or list specialist.

We must be able to **verify** to our satisfaction that the relevant information has been obtained either directly from the individual or from a colleague or other organisation/operation and can be relied upon in support of the claim. *This may require us to contact some individuals/colleagues and/or examine relevant records, such as campaign instructions, orders, invoices and/or payments as we consider appropriate.*

4. Copies reported either as requested or non-requested

The following additional requirements apply to copies claimed in these categories:

Requested (individual)

- a) The copy must be addressed to the individual by name.
- b) You must have identifiable and verifiable evidence* evidence that the individual has, within the last five years, made a clear request to receive the publication before you send it to them.
- c) The date of the request must be recorded so that it can be analysed by age.

Requested (colleague)

- a) The copy must be addressed to the individual, either by name or job title/function.
- b) At the date you distribute the copy you must have identifiable and verifiable evidence* evidence that another employee or colleague from the individual's company or organisation has, within the last five years, made a clear request to receive the publication on the individual's behalf.
- c) The date of the request must be recorded so that it can be analysed by age.

Non-requested (either by name or by job title/function)

- a) The copy must be addressed to the individual, either by name or job title/function, depending on the circulation category in which it is claimed.
- b) For by job title/function copies you may add a stylized/generic job title/job function to the address of an organisation for which you have identifiable and verifiable evidence* of the organisation's name and address providing:
 - i) The job title/ job function could reasonably be expected to relate to an individual in that organisation.
 - ii) Multiple or similar job titles/ job functions at the same organisation are not used in a way that might result in copies being distributed to the same individual.

***Identifiable and verifiable**

You must be able to **identify** (for any particular individual or information relevant to the claim) when and from where the information was obtained. *For example: The date plus whether it was obtained:*

- From a direct communication with the individual or a colleague (e.g. online form, event registration, telephone call); or
- From another organisation/operation, such as a Data Broker, Event Organiser or list specialist.

We must be able to **verify** to our satisfaction that the relevant information has been obtained either directly from the individual or from a colleague or other organisation/operation and can be relied upon in support of the claim. *This may require us to contact*

some individuals/colleagues and/or examine relevant records, such as campaign instructions, orders, invoices and/or payments as we consider appropriate.

Note: If you're claiming digital copies, please also refer to the additional requirements in the Digital Copies section.

REPORTING

You will report controlled circulation as follows, which will be broken out on the ABC Certificate:

1. Audit Issue by geographical type:
 - a) United Kingdom
 - b) Other Countries
2. Audit Issue by circulation type:
 - a) Requests (individual)
 - b) Requests (colleague)
 - c) Non-requested by name
 - d) Non-requested by job
3. If your claim includes any controlled circulation copies you will report the applicable Terms of Control.
4. If you're claiming any controlled requested copies you will report an analysis of the age of the requested copies from the date of the distribution of the Audit Issue in the following bands:
 - a) 0 - 1 year
 - b) 1 - 2 years
 - c) 2 - 3 years
 - d) 3 - 4 years
 - e) 4 - 5 years

GUIDANCE

G1. Single copy per issue, distributed to an individual

- a) Distribution evidence: This will usually be from a third party company whose normal business is single copy distribution (such as Royal Mail). Typically the evidence will include testing the payment of invoices and related advice notes sufficient to identify the publication, issue, quantities and date distributed. This means copies posted using a franking machine will not normally be able to be claimed as the records will not identify what has been posted.

G2. Individual falls within defined criteria (Terms of Control)

- a) The Terms of Control enable you to demonstrate the attributes or quality of your circulation to potential advertisers and to differentiate your publication from others serving the same or similar markets. Controlled circulation is therefore useful to advertisers and media buyers because they enable them to target their advertising more effectively.
 - i) The Terms of Control must relate to individuals not companies. *For Example: 'Engineering companies in the U.K.' would not be allowed whereas 'individuals in engineering companies' is acceptable.*
 - ii) Subjective phrases or words that are subjective and/or difficult to explicitly prove are not permitted. This may include terms such as: related, associated, selected, allied to the field, various, specialist, professional, executive, key, substantial, high spending, major, senior (unless it has a capital S and is part of a job title), all..., every....
 - iii) There must be at least one qualifying demographic (*for example job title, job function, purchasing responsibility, business, industry sector or members of a particular society*). Note: A geographical region at country level alone is specifically not permitted as a qualifying demographic as it is not considered a sufficiently distinguishing demographic. *For example: 'Individuals in the UK' would not be allowed but 'Company Directors in the UK' would.*

G3. Individual’s details supported by identifiable and verifiable evidence that is less than five years old

- a) You may use identifiable and verifiable evidence from different sources (also known as ‘secondary sources’) to prove the addressee meets the Terms Control, verify the individual’s name and address details or a request for the publication.
- b) Any material used to capture information to prove the individual meets the Terms of Control must neither explicitly or implicitly lead the addressee to give the desired qualification data in order to receive the publication. Suitable ways to ensure this requirement is complied with is to add an option to the possible answers such as: Other (please specify.); or add possible responses/tick boxes (where used) that include some items that would fall outside the Terms of Control.
- c) You must be able to provide the identifiable and verifiable evidence at audit.
 - It is your responsibility to comply with copyright legislation in relation to the use of data from third-party sources
 - If you are sourcing data from websites, and may have difficulty proving the date of the source, you may opt to use ABC’s source validation service. An engagement letter detailing the provision of this service must be in place before the date of distribution of the issue for which the source will be used. Please contact us to arrange this.
- d) Examples of possible evidence types and how they must be dated are provided in the table below.
- e) For data captured over the telephone, by email or online, the following gives guidance and examples of how details could be evidenced:
 - Asking the individual providing the data to provide their name and the answer to ABC’s Personal Identifier Question (PIQ) - a memorable question set by ABC and changed each calendar year – details of the current PIQ can be found on the ABC website.
 - In the case of information obtained via telephone calls, recording the telephone calls in a manner that can be made available for review at audit. If you would like our advice on whether a call recording system might be acceptable please contact us. Note: It remains your responsibility to comply with any legislation regarding the recording of telephone conversations.
 - It may help if a copy of the data captured via online or telephone campaigns is kept in its original state as once this data is entered or merged onto a main database the audit trail evidencing the collection of the data can be lost. You may also consider retaining invoices from external contractors evidencing the work carried out in this regard.
 - You are advised to retain copies of online forms/screenshots or telephone scripts to provide evidence of questions asked and responses recorded.
- f) In relation to data purchased from an established data rental/sale business, examples of suitable evidence may include promotional material and data rental/sale invoices.

Example sources and dates of sources

Source Type	Example Evidence	Date of Source
Written communication from addressee / on behalf of addressee	Copy or evidence of communication	Date of document
Telephone communication with addressee / on behalf of addressee	Evidence of call, such as a record of the response to personal identifier question including telephone number, or an audio recording	Date of communication
Online registration / request for other products / publications	Evidence of registration / request, such as a record of the response to personal identifier question, including telephone number or email address	Date of registration / request
Email communication from addressee / on behalf of addressee	Copy or evidence of communication, including email address.	Date of email

Online reader enquiry	Evidence of the enquiry such as a record of the response to the personal identifier question or copy of the record, together with email address/telephone number	Date of communication
Published directories that are publicly available	Copy of the directory	Month and year of publication date. E.g. Cover date is 2021/2022 the date is 1st January 2021 unless an actual publication date is shown
Exhibition attendee lists	Copy of list, invoices / supplier's statement, as applicable	Last day of Exhibition
Exhibition registrations	Copy or evidence of registration, together with email address / telephone number	Date of registration
Suppliers / business lists	Copy of list, invoices / supplier's statement	Date of acquisition of list
Business cards- if signed and dated	Copy of the Business Card	Date of signature on card
Website data*	Method and date of contact must be recorded. A hard or soft copy of the page which contains the sourced data plus the site's home page must be retained	Either a specific date within the published text on the webpage, or a copyright date (where the 1st of the year should be used - e.g. © 2021 = 1/1/2021) Note: If there is no date on the website then it is unlikely source can be used for ABC purposes (a screen print date generated by the user's computer is not acceptable) unless the data has been validated by ABC's source validation service.
*If you are sourcing large quantities of data from websites we recommend you tell us at the time of collection and would like to remind you that it is your responsibility to ensure you are legally entitled to use and store the data for the purposes of the ABC claim and audit. We may ask you to make a declaration that internet sites used as sources are third party. It may be acceptable to use other methods of record keeping or audit as long as you obtain our written agreement.		

G4. Copies reported either as requested or non-requested

Requested (individual or colleague) circulation

- a) You must be able to demonstrate identifiable and verifiable evidence of a clear request to receive the publication within the last five years. The following provide guidance and examples of acceptable methods of achieving this:
 - i) The requestor must have been asked and agreed, or they have stated, that they wish to receive a copy of the publication (or for company requested for their colleague to receive a copy). Bear in mind you will need to be able to demonstrate this at audit. *For example using a question such as 'sign here to request a free copy of <publication name> or 'Complete this form to continue receiving this publication'.*
 - ii) For a written request, the evidence could be demonstrated by requiring the requestor to sign and date the form/request.
 - iii) For a request made over the telephone, by email or online, the following gives guidance and examples of how details could be evidenced:
 - Asking the requestor to provide their name and the answer to ABC's Personal Identifier Question (PIQ) - a memorable question set by ABC and changed each calendar year – details of the current PIQ can be found on the ABC website.
 - In the case of telephone requests, recording the telephone calls in a manner that can be made available for review at audit. If you would like our advice on whether a call recording system might be acceptable please contact us. Note: It remains your responsibility to comply with any legislation regarding the recording of telephone conversations.
 - It may help if a copy of the data captured via online or telephone campaigns is kept in its original state as once this data is entered or merged onto a main database the audit trail evidencing the collection of the data can be lost. You may also consider retaining invoices from external contractors evidencing the work carried out in this regard.

- You are advised to retain copies of online forms/screenshots or telephone scripts to provide evidence of questions asked and responses recorded.
- b) If you change a publication's name or merge two publications then valid requests for the original publication may be transferred to the new publication as requested controlled circulation providing you can still prove the individual meets the Terms of Control for the new publication.

Non-requested circulation

- a) When adding stylised/generic job titles/functions:
 - i) These must reasonably be expected to relate to an individual in that organisation. *(for example Managing Director, Credit Controller)*
 - ii) Multiples of a job title/ job function (or similar ones) must not be used in a way that might result in them being distributed to the same individual. *For example: If 30 copies were addressed to 'Company Secretary' at 30 branches of XYZ Co Ltd, these copies would be treated as duplicates as XYZ Co Ltd would be expected to have only one Company Secretary. It would be expected that copies from each branch would be forwarded to the one Company Secretary. This problem would not arise if each of the copies were addressed to a Branch Manager as it would be reasonable to assume each branch would have a manager.*

G5. Reporting

- a) Age of requests bandings - example

Audit Issue distributed on 20 .11. 2021

Under 1 year: All requests dated between 21.11.2020 and 20.11.2021 inclusive

1 to 2 years: All requests dated between 21.11.2019 to 20.11.2020 inclusive

2 to 3 years All requests dated between 21.11.2018 to 20.11.2019 inclusive

3 to 4 years All requests dated between 21.11.2017 to 20.11.2018 inclusive

4 to 5 years All requests dated between 21.11.2016 to 20.11.2017 inclusive

Requests dated before 21.11.2016 are no longer valid to be claimed as controlled circulation copies (they may be eligible for non-controlled circulation in sectors where this is available)

- b) The ageing of requests for Annual Publications may be from the end of the distribution period if this method of reporting period is chosen.

FREE COPIES

Free Requested Delivered Copies [Print/Digital]

DEFINITION

A single free copy requested by and distributed to a known individual.

PRINCIPLES

1. **Single copy per issue, distributed to a known individual**
2. **Individual has personally requested to receive the publication**

REQUIREMENTS

1. **Single copy per issue, distributed to a known individual**
 - a) You must be able to demonstrate the copy is distributed to the individual.
 - b) You must retain a list of individual recipients for one designated issue each reporting period (the Audit Issue – see General Principles and Record Keeping section). In addition, you must be able to recreate a list of any issue in the reporting period on request.
 - c) You cannot claim distribution of back issues.
2. **Individual has personally requested to receive the publication**
 - a) You must have third party evidence that the individual has, within the last five years, made a clear request to receive the publication before you send it to them.

Note: If you're claiming digital copies, please also refer to the additional requirements in the Digital Copies section.

REPORTING

You will report free requested delivered copies as follows, which will be broken out on the ABC Certificate:

1. **Audit Issue by geographical type:**
 - a) United Kingdom
 - b) Other Countries
2. **Audit Issue analysis by the age of the requested copies from the date of the distribution of the Audit Issue in the following bands:**
 - a) 0 - 1 year
 - b) 1 - 2 years
 - c) 2 - 3 years
 - d) 3 - 4 years
 - e) 4 - 5 years

FREE COPIES

Non-Controlled Free Circulation [Print only]

DEFINITION

Single copies distributed to individuals or organisations.

PRINCIPLES

1. **Single copy per issue, distributed to an individual or organisation**

REQUIREMENTS

1. **Single copy per issue, distributed to an individual or organisation**

- a) You must be able to demonstrate the copy is distributed to the individual or organisation.
 - i) Each copy should be addressed or accompanied by instructions which enable the distributor to deliver to the individual or organisation.
- b) You must retain a list of the recipients for one designated issue each reporting period (the Audit Issue – see General Principles and Record Keeping section). In addition you must be able to recreate a list of any issue in the reporting period on request.
- c) You cannot claim distribution of back issues.

REPORTING

You will report non-controlled free circulation as follows, which will be broken out on the ABC Certificate:

1. Audit Issue by geographical type:
 - a) United Kingdom
 - b) Other Countries

GUIDANCE

1. **Single copy per issue, distributed to an individual or organisation**

- a) Distribution evidence: This will usually be from a third party company whose normal business is single copy distribution (such as Royal Mail). Typically the evidence will include testing the payment of invoices and related advice notes sufficient to identify the publication, issue, quantities and date distributed.
- b) Distribution evidence: If a copy is handed to an individual (say at an exhibition) distribution evidence may comprise the recording of the individual's full name and address details, the date and their signature clearly acknowledging receipt of the publication (including the relevant issue information). Note:
 - i) The signed acknowledgement must not be combined with a request or acknowledgement of another product or service.
 - ii) Copies given away with entry tickets or goody bags can only be claimed if the individual's full details are recorded and they have explicitly signed acknowledging receipt of the issue of the publication.

FREE COPIES

Monitored Free Distribution [Print only]

DEFINITION

Copies distributed on a regular and consistent basis to known distribution points for pick up or receipt by consumers.

PRINCIPLES

1. **Prior notification of distribution details to ABC**
2. **Distribution follows a regular and consistent pattern to known distribution points**
3. **Copies are made available at the known distribution points for pick up or receipt by consumers**
4. **Quantity claimed should not exceed potential demand by the intended consumers**
5. **Effective management controls over distribution**

REQUIREMENTS

1. **Prior notification of distribution details to ABC**
 - a) You must inform ABC before the distribution of the first issue for which you intend to claim monitored free distribution copies, including the following information:
 - i) Details of how, when and where the copies will be distributed
 - ii) A list of all distribution points
 - b) You must, on an on-going basis, be able to provide ABC, on request, details of current and historical distribution points, quantities and distribution dates.
2. **Distribution follows a regular and consistent pattern to known distribution points**
 - a) A distribution point is defined as an agreed location at which copies are handed to or left for pick up by the consumer.
 - b) Distribution points used must be regular in type for every issue (subject to notified and allowable changes).
 - If there are changes to the type of distribution points used (whether a new type is added or an existing type is dropped) then you must inform ABC.
 - We will consider the nature and extent of the changes in the distribution and decide if any further action is required.
For example being required to notify advertisers of the changes or the issuing of a new Certificate.
 - c) The distribution points claimed must be consistent with the overview description.
 - d) ABC must have the right to visit or contact distribution points for verification purposes.
 - e) It is recognised that there will be minor changes in distribution. However significant changes must be notified as follows:
 - i) If the total monitored free distribution for an issue increases by more than 25% compared to the average monitored free distribution of the previous four issues you must apply to ABC for approval to claim the additional copies.
 - ii) If the total monitored free distribution for an issue decreases by more than 25% compared to the average monitored free distribution of the previous four issues you must notify ABC of the change.

Note:

- We will consider the nature and extent of the changes in the distribution and decide if any further action is required. *For example being required to notify advertisers of the changes or the issuing of a new Certificate.*
- If your publication has a defined publishing frequency and publishes a double issue (for example: a monthly publication publishes a July/August issue) then it may be acceptable to claim an increase in supply for that issue to cover the extended pick up period before the next issue is distributed.
- If your publication has a seasonal audience then it may be acceptable to increase or decrease regular supplies in line with the increased or decreased potential audience for the title. The in-season and out-of-season supplies must be regular in quantity and distribution point types, and the seasons must be clearly defined in the overview description and agreed in advance by ABC.
- If there are less than 4 issues of the publication distributed in a calendar year then the increases or decreases in monitored free distribution (of more than 25%) will be assessed against the average monitored free distribution of the issues distributed in the previous 12 months.

3. Copies are made available at the known distribution points for pick up or receipt by consumers

- a) You must be able to provide evidence, from the third party responsible, of the number of copies of the publication made available for pick up or receipt at each distribution point by consumers. Note:
- i) Where the copies are made available for pick up or receipt at distribution points by drivers/distributors that are not 3rd party to the publisher (such as in-house distributors or from a joint venture), it may be possible to include these in the claim as long as:
 - It can be demonstrated that the drivers/distributors have sufficient independence and are specifically contracted to deliver/distribute the publication.
 - The auditor/ABC has full and unrestricted access to the relevant parties' documentation and financial records.
 - ABC has specifically agreed this distribution method.
 - ii) In the case of retail customer magazines it may be acceptable for the publication to be distributed through the same distribution system from central/area warehouse to individual retail outlets as the retailer's other goods and use associated documentation to support a gross distribution claim and EPOS reports for net distribution if applicable . A retail customer magazine is defined as a publication which:
 - Is published by or on behalf of a retailer
 - Is targeted at customers of that retailer
 - Is supplied to the retailer's own outlets for distribution in store
 - iii) In the case of copies distributed to third party distributors for onward distribution to airlines (for airplanes and/or lounges), trains or ships:
 - Copies may be claimed as gross distribution providing ABC is given full and free access to the distributor's contractual arrangements, invoices and documentation to enable verification of the onward supply.
 - The gross distribution claim must be restricted to the quantity verified as onwardly distributed to the airlines, trains or ships and not the quantity supplied to the distributor.
- b) Where your ABC monitored free distribution claim is for the net number of copies picked up or received by consumers at a distribution point, you must be able to provide evidence of the number of copies returned/not picked up at each relevant distribution point. Note: This must be on a 'session' basis. *For example a hand merchandiser who goes out first thing in the morning and then again after lunch with a new supply of copies must sign separately for the morning and afternoon supply and returns.*
- c) You cannot claim distribution of back issues.

4. Quantity claimed should not exceed potential demand by the intended consumers

- a) Any distribution carried out by merchandisers must be claimed on a net basis (i.e. account for undistributed copies) at each distribution point.

5. Effective management controls over distribution

- a) The publisher is responsible for ensuring that the copies they claim have been delivered and if applicable returns/copies not picked up are accounted for. This requires a publisher to have appropriate management controls and processes in place to ensure that this is happening.

REPORTING

You will report monitored free distribution copies as follows, which will be broken out on the ABC Certificate:

1. Audit Issue by geographical type:
 - a) United Kingdom
 - b) Other Countries
2. Audit Issue analysed into:
 - a) Net distribution - by hand
 - b) Net distribution - other
 - c) Gross distribution
3. Audit Issue analysed by distribution point type
4. You may optionally report the number of distribution points for the Audit Issue.
5. A verifiable overview description of the Monitored Free Distribution

GUIDANCE

G1. Prior notification of distribution details to ABC

- a) The overview description must be verifiable from evidence.
- b) The list of all distribution points.

We would expect this to include the following for each distribution point:

 - Unique point ID (to enable clear identification when changes are made).
 - Address, including postcode.
 - Audience Type. *For example airline, hotel – as analysed on the Certificate.*
 - Whether there is a responsible individual based at the point, a deliverer places copies on display, or it is a hand distribution point.
 - Point description. *For example: type of bin, location at address.*
 - Point restrictions. *For example it is particularly important to identify any points which can only be accessed via security barriers such as airport airside locations, some office buildings.*
 - Name of responsible person:
 - Name of recipient for distribution points where individual based at point confirms delivery.
 - Name of deliverer (or name of delivery company) where deliverer confirms delivery.
 - Telephone number of responsible individual.
 - Normal day/date of delivery.
 - Approximate time of delivery.
 - Method of delivery. *For example: name of 3rd party distribution company.*
 - Normal supply quantity.
 - Normal day/date of collection of returned/damaged copies (net copies only).

- Additional details as above for all regular top-up supplies.

The list of all distribution points must be supplied on request-

c) Other information needed for audit typically will include:

i) Issue by issue monitored free distribution summary:

- This is an issue by issue summary of the claimed monitored free distribution, compiled from the Detailed Issue Distribution Lists (see below).

ii) Detailed Issue Distribution List

This form includes on an issue by issue basis:

- Name/identification of distribution point
- Type of distribution point (e.g. hotel), manned or unmanned
- Gross supply
- For copies claimed on a net basis: Returned/damaged copies
- Net distribution
- Actual day/date of delivery
- For copies claimed on a net basis: Actual day/date of collection of returned/damaged copies

d) Copies that are purchased from distribution points are still eligible as monitored free distribution as long as they comply with the monitored free distribution rules.

G2. Distribution follows a regular and consistent pattern to known distribution points

a) *A distribution point is defined as an agreed location at which copies are handed to or left for pick up by the consumer.*

i) You should be able to provide details of the terms and conditions between the publisher and the distribution points for the supply and collection of copies, including any financial arrangements.

b) Examples of ineligible distribution (because it is not regular and consistent) include distribution to irregular exhibitions, rotational sampling, and variations in gross supply due to fluctuations in demand (except as allowed due to seasonal variation rules). Such copies may be claimed as Sample Free Distribution.

G3. Copies are made available at the known distribution points for pick up or receipt by consumers

a) *You must be able to provide evidence, from the third party responsible, of the number of copies made available for pick up or receipt at each distribution point by consumers.*

i) Typically, suitable evidence will be a delivery note signed and dated by a responsible third party individual (at the time of delivery) confirming the number of copies of the particular issue of the publication supplied and that they have made available for pick up or receipt at the particular location.

ii) Where the individual confirming the delivery is the driver/distributor, additional verification such as the deliverer's manager signing to confirm completion, or the inclusion of a time of delivery may be required where ABC deems appropriate for audit purposes.

iii) Ordinarily an individual based at the distribution point should be signing the delivery note at the time of the delivery. However if the signatory is unavailable at the time of delivery they can complete the delivery note left with the consignment and return to the publisher within 5 working days or before the distribution of the next issue (whichever is the sooner).

b) *Where your ABC monitored free distribution claim is for the net number of copies picked up or received by consumers at a distribution point, you must be able to provide evidence of the number of copies returned/not picked up at each relevant distribution point.*

i) Typically, suitable evidence will be a returns note signed and dated by a responsible third party individual (at the time of collection) confirming the number of copies of the publication returned/not picked up, including the time collected. If there is no evidence you cannot assume 100% distribution but instead due to lack of evidence must treat distribution as zero.

- ii) Ordinarily an individual based at the distribution point should be signing the returns note at the time of the collection. However if the signatory is unavailable at the time of collection they can complete the returns/collection note left at the time of collection and return to the publisher within 5 working days or before the distribution of the next issue (whichever is the sooner).
- iii) Distributors and their agents must not have a disincentive to accurately report the net number of copies picked up/received by consumers.

G5. Effective management controls over distribution

- a) For each publication the detail and extent of these controls and processes will vary as they should be appropriate to the type of distribution. These could include training of staff, spot checks, customer complaint handling etc.

These controls and processes are reviewed by ABC as part of the joining process and continuing audit of a publication. These help underpin the audit in that they form part of the consideration of risk and consequently the type and extent of audit work done.

If weaknesses in management controls are found during the audit work, the publication's circulation auditor / ABC will inform the distributor and the publisher of defined improvements to be implemented and a timescale to ensure copies are still eligible for ABC purposes.

FREE COPIES

Sample Free Distribution

DEFINITION

Free copies distributed, on an irregular basis, using an existing ABC Free Distribution category.

PRINCIPLES

1. **Distribution uses an existing ABC Free Distribution category, without the need for a regular and consistent basis.**
2. **Prior notification of distribution details to ABC**
3. **Distribution must be of an existing edition claimed on the certificate**

REQUIREMENTS

1. **Distribution uses an existing ABC Free Distribution category, without the need for a regular and consistent basis.**
 - a) The requirements of the relevant Business Magazine Free Distribution category apply, with the exception that distribution may be of a single issue.
 - i) The Free Distribution categories eligible for reporting as Sample Free Distribution are:
 - o Monitored Free Distribution
 - b) Requirements relating to distribution across issues being on a regular and consistent basis and changes from previous issues are ignored.
 - c) Under Sample Free Distribution you can claim distribution of back issues up to 6 months from the back issue's distribution date. For example: May issue distributed on 1st May can be distributed at a show under Sample Free Distribution up until 31st October.

2. **Prior notification of distribution details to ABC**

- a) You must obtain ABC's agreement in advance of the distribution for sample copies under the Monitored Free Distribution method, having provided full details of timings, delivery locations etc. This is to enable audit work to be conducted at the appropriate time, including real time testing where appropriate.

Note: You will not need to gain ABC's advance agreement where the Sample Free copies:

- Are delivered to a trade event
- Are claimed 'gross' (i.e. the supply quantity)
- Are delivered to the trade event location by a third-party company whose business is distribution. *Note: This evidence should identify the title, issue and quantity*

3. **Distribution must be of an existing edition claimed on the certificate**

- a) The copies must be broadly similar to an existing edition being claimed on the certificate. Therefore a certificate cannot comprise copies claimed in the Sample Free Distribution category alone.

REPORTING

You will report Sample Free Distribution as follows, which will be broken out on the certificate:

1. Audit Issue by geographical type:

- a) United Kingdom
- b) Other Countries

2. For each issue claimed an analysis as follows:

- a) Distribution type. *E.g. Net distribution – by hand, Net distribution – other, Gross*
- b) A statement describing how and where the copies are distributed (covering both the geographical location and type of distribution point).
- c) The number of copies
- d) Distribution date (*for example first day of exhibition*)

We will add the average number of copies across the period to this analysis.

Illustration of data required for Sample Free Distribution - Monitored Free Distribution

Issue	Distribution date	Description	Number of copies
March 2018	12/3/18	Gross Distribution - Accounting Conference, London O2	500
June 2018	20/6/18	Gross Distribution - Auditing Conference, Birmingham NEC	750
August 2018	2/8/18	Gross Distribution – Accounting Conference, Glasgow, IET	500
	Sample Free Distribution average over the 12 issues in the period		146

GUIDANCE

None.

MEMBERSHIP COPIES [Print/Digital]

DEFINITION

A single copy of an official Society publication distributed to a member of that society.

Note: 'Society' throughout this section refers to the Society, Association or Organisation as appropriate.

PRINCIPLES

1. **The publication is an official publication of the Society**
2. **Single copy of an issue distributed to an individual who is a member of the Society (or an employee nominated under a corporate society membership)**

REQUIREMENTS

1. **The publication is an official publication of the society**
 - a) You must be able to provide evidence that the publication is:
 - i) An official publication of the Society; or
 - ii) Circulated as a member benefit of the Society
2. **Single copy of an issue distributed to an individual who is a member of the Society (or an employee nominated under a corporate society membership)**
 - a) Corporate members are members of the Society (companies or organisations) who pay the membership fee or fees and nominate employees as recipients of the publication. These recipients may be claimed as Society circulation.
 - b) Evidence of the individual's Society membership (or organisation's corporate membership and nominated employees) must be available.
 - c) You must be able to demonstrate the copy is distributed to the individual.
 - d) You must retain a list of individual recipients for one designated issue each reporting period (the Audit Issue – see General Principles and Record Keeping section). In addition you must be able to recreate a list for any issue in the reporting period on request.
 - e) You cannot claim distribution of back issues.

Note: If you're claiming digital copies, please also refer to the additional requirements in the Digital Copies section.

REPORTING

1. You will report Membership Copies as follows, which will be broken out on the ABC Certificate:
 - a) Audit Issue by geographical type:
 - i) United Kingdom
 - ii) Other Countries
2. The Society/Societies name(s) will also be reported on the ABC Certificate, identifying whether the publication is an official publication and/or is circulated as a member benefit of the Society.

GUIDANCE

G2. Single copy of an issue distributed to an individual who is a member of the Society (or an employee nominated under a corporate society membership).

- a) You must be able to prove copies have been distributed to members of the society. Evidence of membership will be requested for a sample of addressees at the audit. This evidence may be:
 - i) By locating the addressee in a published list of society members, which covers the period of the Audit Issue.
 - ii) If the publisher is the society, by providing evidence that the addressee has paid their society membership fee for the period covering the Audit Issue.
 - iii) If the publisher is third-party to the society, written confirmation from the society that the sampled addressees were members at the date of distribution of the Audit Issue. Note: If you are publishing the publication for the society on a contract basis we will not consider you third party for ABC purposes – this means written confirmation from the society will not be acceptable as audit evidence of society membership.
- b) Corporate membership example. 'A Ltd.' is a corporate member of Alpha Society. Four copies, addressed to individuals by name, are sent to four different people at A Ltd. These would constitute four valid corporate copies. Multiple copies to a single addressee cannot be claimed.

PAID SINGLE COPIES

Retail Sales (Sale or Return) [Print/Digital]

DEFINITION

A copy sold to a retailer, on a sale or return basis, for resale as a single copy to a consumer.

PRINCIPLES

1. **Single copy knowingly paid for by the consumer to the retailer**
2. **Copies are purchased from the publisher by the retailer, on a sale or return basis, either direct or via the distribution chain (typically distributor and/or wholesaler)**
3. **The price paid for the publication by the consumer must be clear and conspicuous**
4. **There must be an incentive for unsold copies/net sale to be reported to the publisher**
5. **If the final net sale is not known then estimates must be made**

REQUIREMENTS

1. **Single copy knowingly paid for by the consumer to the retailer**
 - a) The purchase by the consumer may be in cash or by other means agreed by ABC in writing.
 - b) Back issues up to 12 months old can be claimed against the issue current at the time of sale.
 - c) Sales by retailers will be treated as sales at the cover price unless there is evidence to the contrary.
2. **Copies are purchased from the publisher by the retailer, on a sale or return basis, either direct or via the distribution chain (typically distributor and/or wholesaler)**
 - a) 'Sale or Return' means unsold copies are returned or reported for credit. The copies claimed will therefore be the net sale (copies supplied less credited copies).
 - b) Where the publisher is not third party to the retailer then evidence of purchase by the consumer is required. *For example EPOS reports and retailer revenues.*
 - c) You must account for net sales on an issue by issue basis.
3. **The price paid for the publication by the consumer must be clear and conspicuous**
 - a) If a voucher from a publisher controlled promotion is used the amount paid by the consumer is deemed to be the total of the cash paid to the retailer and any cash they paid for the voucher.
 - b) The value (or perceived value) of gifts or cover mounts to the consumer have no effect on the price paid for ABC purposes. Cash reimbursements to the consumer must be taken into account.
4. **There must be an incentive for unsold copies/net sale to be reported to the publisher**

No additional requirements
5. **If the final net sale is not known then estimates must be made**
 - a) If at the time you submit your circulation claim unsold copies could still be returned or reported:

- i) You must make an estimate of final sales.
 - ii) You must adjust your claim in the following period to reflect any difference between the estimated net sale and the actual net sale.
- b) In relation to promotional schemes utilising voucher redemption: If you are reporting on a monthly basis and the effect of not making an estimate is judged to be unlikely to affect the figures claimed by more than 2% of the total average circulation then you can account for the vouchers on a wash through basis (i.e. as they are redeemed).

Note: If you're claiming digital copies, please also refer to the additional requirements in the Digital Copies section.

REPORTING

You will report retail sales as follows, which will be broken out on the ABC Certificate :

1. Total retail sales (combined with single copy sales) for the Audit Issue for UK and Other Countries.
2. As an option, the cover price of the Audit Issue for UK, ROI or the range of cover prices if reporting international circulation.

GUIDANCE

G1. Single copy knowingly paid for by the consumer

- a) Cash means legal tender notes and coins, cheque, credit/debit card, wireless payment systems.
- b) This doesn't preclude a retailer selling more than one copy to a single purchaser (without the publisher's knowledge).

G2. Copies are purchased from the publisher by the retailer, on a sale or return basis, either direct or via the distribution chain (typically distributor and/or wholesaler)

- a) You will need to ensure all records required to support the retail sale claim are available for audit. This will include:
 - i) Full details of the exact numbers claimed as unsold or returned copies (including undelivered, lost or stolen copies) for every issue in the audit period.
 - ii) Full issue by issue details of all financial records and contracts with distributors, wholesalers and retailers, with specific regard to normal and recognised trade terms. These must be reconcilable to the distribution and returns records on an issue specific basis and to the average net retail sales claim.
 - iii) Details of any change in trading terms from firm sale (if allowed) to sale or return (either temporarily or permanently) or vice versa.
 - iv) Details of discounts, special offers or restrictions on the return of unsold or undelivered copies.
- b) Copies reported using a pay on scan system will be reported in this category. You will need to ensure appropriate records of sales are available for audit.
- c) Retail sales of Digital Copies via a third party retailer (*for example Apple Newsstand, Google, Amazon etc*) will be reported in this category.

G3. The price paid for the publication by the consumer must be clear and conspicuous

- a) As the price paid may be affected by promotional schemes you should keep details of purchases and promotional spends so you can demonstrate copies are purchased and that sales under incentives/offers are classified correctly, or disallowed as necessary. You can contact ABC for confidential advice, supplying copies of the promotional material and offer wording. The information kept may include:
 - Title/s involved
 - Issues involved
 - Duration of promotion
 - Retail outlets involved
 - Wording of the promotion displayed at the retail outlet/s
 - How the resultant copies are claimed
 - How the promotion will be paid for

b) Treatment of bundle/package promotions

- i) As each case can vary we recommend you contact us for advice before carrying out your promotion.
- ii) How the price of the publication is presented to the consumer will affect how or whether the copy may be claimed for ABC purposes.
 - If the price of the publication appears in the promotional material and it is legible (taking into account its presentation and prominence (including the size of the font used) and assuming a reasonable speed of reading) then the price is likely to be considered clear and conspicuous.
 - o Stating the publication's price in relation to the promotion/bundle in the main wording of the offer will provide most clarity.
 - o The further away from the main offer wording and/or less prominent in the promotion the price of the publication becomes, the more likely it will not be considered clear and conspicuous.
 - o If the price of the publication is linked to the main offer wording with, say, an asterisk - this would make it more conspicuous.
 - Merely stating the price of the publication without reference to the bundle/package could just be a statement about the normal price of the publication and so will not necessarily render the price clear and conspicuous.
 - If there is conflicting information about the price, then the lowest price assessment would be taken for ABC purposes (which might mean it is free).
 - The absence of a clear and conspicuous price would render the copies as free, as would explicit wording stating the publication is free.

Examples:

1. Promotion "*Buy the publication and a bottle of water for £x*".

The price of the publication is not clear and conspicuous.

2. Promotion "*Buy the publication and a bottle of water for £x*" which is accompanied by the statement "*The price of the publication in this promotion is £y*"

The price of the publication is likely to be considered clear and conspicuous if the accompanying statement is either within the main body of the promotion, or is in a footnote that is asterisked to the main body and is legible.

3. Promotion "*Buy the publication and bottle of water for £x.*" Elsewhere in promotion "*Publication is £y Monday to Friday and £z on Saturdays*".

The price of the publication is not in the promotion and is unlikely to be considered clear and conspicuous as this statement appears to be the normal price of the publication.

4. Promotion: If a publication 'ABC News' is promoted as '*Buy ABC News for £x and get a free bottle of water*' then the bottle of water is treated as a free gift and it is clear the price paid is solely for the purchase of the publication.
5. Promotion: If the promotion is '*Buy a bottle of water and get a free copy of ABC News*' then the publication will be treated as free for ABC purposes.

c) Per section 4b: "The discount or cash reimbursement must be taken into account

Examples:

1. Promotion: "*Buy publication and spend £5 and you get £1 off your publication*".

The publication is discounted by £1.

2. Promotion: “Buy publication, spend £5 and get £1 off your shopping basket”.

The publication is discounted as it is part of the shopping basket, but it is difficult to determine how much it is discounted and will be considered on a case by case basis. In this example, using the minimum spend requirement of the offer gives a 20% discount and would seem a reasonable treatment.

3. Promotion: “Buy publication and get £1 off a jar of coffee”. Or “Buy publication and get the money off the rest of your shopping”.

The publication is full price, provided that the publication is sold at full price and the reimbursement does not exceed the cost of the items being discounted.

G5. If the final net sale is not known then estimates must be made

a) Estimates of final sale

An assessment of likely sales should be based on current and historic information such as:

- Current levels of sales and unsold copies
- Historic data and seasonal trends
- Promotional activity
- Print orders
- Competitor activity
- Information from sales force

Particular attention should be given to periods of promotion, re-launch and to non-UK circulation in general in order to arrive at a fair and reasonable representation of the net circulation. You should record the calculations and assumptions used to arrive at the estimated net sale.

b) All unsold copies must be accounted for. This means that all estimates of net sale must be reviewed in the next audit period to establish their accuracy and that claim adjusted to account for any over or under estimate from the previous period. This must be done for each relevant geographical area reported [Note: If the difference for a period is found to be material following an ABC audit or inspection, ABC may amend the Certificate for the period to which the estimate relates).

Worked example (assuming 12 issues in a reporting period)

Issue ID	Supply	Returns	Net Sale	Sales%
1	88,500	26,229	62,271	70.36% closed
2	88,500	24,728	63,772	72.06% closed
3	88,250	23,688	64,652	73.26% closed
4	89,630	14,266	75,364	71.08% closed
5	89,820	27,620	62,200	69.25% closed
6	89,650	21,982	67,668	75.48% closed
7	88,500	26,229	62,271	70.36% closed
8	88,500	24,728	63,772	72.06% closed
9	88,250	23,688	64,652	73.26% closed
10	89,630	14,266	75,364	84.08% unclosed
11	89,820	9,655	80,165	89.25% unclosed
12	89,650	465	89,185	99.48% unclosed

In this example issues 10, 11 and 12 are not yet closed so an estimate of the final net sales figures have to be made using the criteria mentioned above. You will, of course, notice that a proportion of the unsold copies have already been received, but at this stage you should just concentrate on what you think the final net sales will be.

When all the estimates have been made the final figures for your claim may look something like this: -
Issue Total

ID	Supply	Returns	Est. Sale	Sales%
10	89,630	25,096	64,534*	72% Estimated

11	89,820	25,150	64,670*	72% Estimated
12	89,650	24,205	65,445*	73% Estimated

This means that your estimate of final net sale for these three unclosed issues is 194,649.*

Remember that you must report separate figures for any geographical areas broken out on the Certificate (e.g. UK / Republic of Ireland or overseas).

Adjustment for the estimate

In the next reporting period you would have a report giving you the actual net sales for issues 10, 11 and 12 because by then they would be closed off and complete. For example, the final report may be as follows:

<i>Issue ID</i>	<i>Supply</i>	<i>Total Returns</i>	<i>Actual Sale</i>	<i>Sales%</i>
10	89,630	25,382	64,248*	71.68%
11	89,820	25,884	63,936*	71.18%
12	89,650	26,312	63,338*	70.65%

In this example the actual net sales relevant to your estimate, is 191,522.*

The difference between your original estimate and the actual figure (i.e. 194,649 minus 191,522) means you have overestimated sales by a total of 3,127 copies over those 3 issues.

The average overestimate of sold copies was therefore 3,127 divided by 12 (total issues in the previous period) = 261.

So you must deduct 261 copies from the average in the current period, to ensure the overestimate from the previous period is accounted for.

- c) In relation to promotional schemes utilising voucher redemption a wash through basis means vouchers are accounted for as they are redeemed. The specific point at which they are treated as redeemed is not prescribed but you should use a reasonable and consistent basis.

PAID SINGLE COPIES

Retail Sales (Limited Sale or Return) [Print/Digital]

DEFINITION

A copy sold to a retailer, on a limited sale or return basis, intended for resale as a single copy to a consumer.

PRINCIPLES

1. **Single copy made available for purchase by the consumer from the retailer**
2. **Copies are purchased from the publisher by the retailer, on a limited sale or return basis, either direct or via the distribution chain (typically distributor and/or wholesaler)**
3. **The price paid for the publication by the consumer must be clear and conspicuous**
4. **There must be an incentive for unsold copies/net sale (to the limit) to be reported to the publisher**
5. **If the final net sale is not known then estimates must be made**

REQUIREMENTS

1. **Single copy made available for purchase by the consumer from the retailer**
 - a) The purchase by the consumer may be in cash or by other means agreed by ABC in writing.
 - b) Back issues up to 12 months old can be claimed against the issue current at the time of sale.
 - c) Sales by retailers will be treated as sales at the cover price unless there is evidence to the contrary.
2. **Copies are purchased from the publisher by the retailer, on a limited sale or return basis, either direct or via the distribution chain (typically distributor and/or wholesaler)**
 - a) 'Limited Sale or Return' means unsold copies are returned or reported for credit up to a limit contractually agreed with the retailer. The copies claimed will therefore be the net sale (copies supplied less credited copies).
 - b) You must account for net sales on an issue by issue basis.
3. **The price paid for the publication by the consumer must be clear and conspicuous**
 - a) If a voucher is used the amount paid by the consumer is deemed to be the total of the cash paid to the retailer and any cash they paid for the voucher.
 - b) The value (or perceived value) of gifts or cover mounts to the consumer have no effect on the price paid for ABC purposes. Cash reimbursements to the consumer must be taken into account..
4. **There must be an incentive for unsold copies/net sale to be reported to the publisher**

No additional requirements
5. **If the final net sale is not known then estimates must be made**
 - a) If at the time you submit your circulation claim unsold copies could still be returned or reported:
 - i) You must make an estimate of final sales, taking into account the agreed returns limits with retailers.

- ii) You must adjust your claim in the following period to reflect any difference between the estimated net sale and the actual net sale.
- b) In relation to promotional schemes utilising voucher redemption: If you are reporting on a monthly basis and the effect of not making an estimate is judged to be unlikely to affect the figures claimed by more than 2% of the total average circulation then you can account for the vouchers on a wash through basis (i.e. as they are redeemed).

Note: If you're claiming digital copies, please also refer to the additional requirements in the Digital Copies section.

REPORTING

You will report the following, which will be broken out on the ABC Certificate :

1. Total retail sales (combined with single copy sales) for the Audit Issue for UK and Other Countries.
2. As an option, the cover price of the Audit Issue for UK, ROI or the range of cover prices if reporting international circulation.

GUIDANCE

G1. Single copy made available for purchase by the consumer from the retailer

- a) Cash means legal tender notes and coins, cheque, credit/debit card, wireless payment systems.
- b) This doesn't preclude a retailer selling more than one copy to a single purchaser (without the publisher's knowledge).

G2. Copies are purchased from the publisher by the retailer, on a limited sale or return basis, either direct or via the distribution chain (typically distributor and/or wholesaler)

- a) You will need to ensure all records required to support the limited retail sale claim are available for audit. This will include:
 - i) Full details of the exact numbers claimed as unsold or returned copies (including undelivered, lost or stolen copies) for every issue in the audit period.
 - ii) Full issue by issue details of all financial records and contracts with distributors, wholesalers and retailers, with specific regard to normal and recognised trade terms and the agreed limited returns. These must be reconcilable to the distribution and returns records on an issue specific basis and to the average net retail sales claim.
 - iii) Details of any change in trading terms from firm sale (if allowed) to sale or return (either temporarily or permanently) or vice versa.
 - iv) Details of discounts, special offers or restrictions on the return of unsold or undelivered copies.
- b) Copies reported using a pay on scan system may be reported in this category. You will need to ensure appropriate records of sales are available for audit.

G3. The price paid for the publication by the consumer must be clear and conspicuous

- a) As the price paid may be affected by promotional schemes you should keep details of purchases and promotional spends so you can demonstrate copies are purchased and that sales under incentives/offers are classified correctly, or disallowed as necessary. You can contact ABC for confidential advice, supplying copies of the promotional material and offer wording. The information kept may include:
 - Title/s involved
 - Issues involved
 - Duration of promotion
 - Retail outlets involved
 - Wording of the promotion displayed at the retail outlet/s
 - How the resultant copies are claimed
 - How the promotion will be paid for
- b) Treatment of bundle/package promotions
 - i) As each case can vary we recommend you contact us for advice before carrying out your promotion.

ii) How the price of the publication is presented to the consumer will affect how or whether the copy may be claimed for ABC purposes.

- If the price of the publication appears in the promotional material and it is legible (taking into account its presentation and prominence (including the size of the font used) and assuming a reasonable speed of reading) then the price is likely to be considered clear and conspicuous.
 - o Stating the publication's price in relation to the promotion/bundle in the main wording of the offer will provide most clarity.
 - o The further away from the main offer wording and/or less prominent in the promotion the price of the publication becomes, the more likely it will not be considered clear and conspicuous.
 - o If the price of the publication is linked to the main offer wording with, say, an asterisk - this would make it more conspicuous.
- Merely stating the price of the publication without reference to the bundle/package could just be a statement about the normal price of the publication and so will not necessarily render the price clear and conspicuous.
- If there is conflicting information about the price, then the lowest price assessment would be taken for ABC purposes (which might mean it is free).
- The absence of a clear and conspicuous price would render the copies as free, as would explicit wording stating the publication is free.

Examples:

1. Promotion "*Buy the publication and a bottle of water for £x*".

The price of the publication is not clear and conspicuous.

2. Promotion "*Buy the publication and a bottle of water for £x*" which is accompanied by the statement "*The price of the publication in this promotion is £y*"

The price of the publication is likely to be considered clear and conspicuous if the accompanying statement is either within the main body of the promotion, or is in a footnote that is asterisked to the main body and is legible.

3. Promotion "*Buy the publication and bottle of water for £x.*" Elsewhere in promotion "*Publication is £y Monday to Friday and £z on Saturdays*".

The price of the publication is not in the promotion and is unlikely to be considered clear and conspicuous as this statement appears to be the normal price of the publication.

4. Promotion: If a publication 'ABC News' is promoted as '*Buy ABC News for £x and get a free bottle of water*' then the bottle of water is treated as a free gift and it is clear the price paid is solely for the purchase of the publication.

5. Promotion: If the promotion is '*Buy a bottle of water and get a free copy of ABC News*' then the publication will be treated as free for ABC purposes.

c) Per section 4b: "The discount or cash reimbursement must be taken into account

Examples:

1. Promotion: "*Buy publication and spend £5 and you get £1 off your publication*".

The publication is discounted by £1.

2. Promotion: *“Buy publication, spend £5 and get £1 off your shopping basket”*.

The publication is discounted as it is part of the shopping basket, but it is difficult to determine how much it is discounted and will be considered on a case by case basis. In this example, using the minimum spend requirement of the offer gives a 20% discount and would seem a reasonable treatment.

3. Promotion: *“Buy publication and get £1 off a jar of coffee”*. Or *“Buy publication and get the money off the rest of your shopping”*.

The publication is full price, provided that the publication is sold at full price and the reimbursement does not exceed the cost of the items being discounted.

G5. If the final net sale and/or rate classification are not known then estimates must be made

a) Estimates of final sale

An assessment of likely sales should be based on current and historic information such as:

- Current levels of sales and unsold copies
- Historic data and seasonal trends
- Promotional activity
- Print orders
- Competitor activity
- Information from sales force

Particular attention should be given to periods of promotion, re-launch and to non-UK circulation in general in order to arrive at a fair and reasonable representation of the net circulation. You should record the calculations and assumptions used to arrive at the estimated net sale.

- b) All unsold copies that are capable of being credited must be accounted for. This means that all estimates of net sale must be reviewed in the next audit period to establish their accuracy and that claim adjusted to account for any over or under estimate from the previous period. This must be done for each relevant geographical area reported [Note: If the difference for a period is found to be material following an ABC audit or inspection, ABC may amend the Certificate for the period to which the estimate relates).
- c) In relation to promotional schemes utilising voucher redemption a wash through basis means vouchers are accounted for as they are redeemed. The specific point at which they are treated as redeemed is not prescribed but you should use a reasonable and consistent basis.

PAID SINGLE COPIES

Retail Sales (Firm Sale) [Print/Digital]

DEFINITION

A copy sold to a retailer, on a firm sale basis, intended for resale as a single copy to a consumer.

PRINCIPLES

1. **Single copy made available for purchase by the consumer from the retailer**
2. **Copies are purchased from the publisher by the retailer, on a firm sale basis, either direct or via the distribution chain (typically distributor and/or wholesaler)**
3. **The price paid for the publication by the consumer must be clear and conspicuous**
4. **The retailers' ability to vary supply must not be unduly restricted**

REQUIREMENTS

1. **Single copy made available for purchase by the consumer from the retailer**
 - a) Contractual arrangement with the retailer must make clear that copies are for resale to the consumer.
 - b) The purchase by the consumer may be in cash or by other means agreed by ABC in writing.
 - c) You cannot claim back issue sales to the retailer.
2. **Copies are purchased from the publisher by the retailer, on a firm sale basis, either direct or via the distribution chain (typically distributor and/or wholesaler)**
 - a) 'Firm sale' means that unsold copies are not returned or reported for credit.
 - b) You must account for sales on an issue by issue basis.
3. **The price paid for the publication by the consumer must be clear and conspicuous**
 - a) If a voucher from a publisher controlled promotion is used the amount paid by the consumer is deemed to be the total of the cash paid to the retailer and any cash they paid for the voucher.
 - b) The value (or perceived value) of gifts or cover mounts to the consumer have no effect on the price paid for ABC purposes. However cash reimbursements to the consumer must be taken into account (excluding limited low chance lottery style promotions).

Note: Copies sold to the retailer can be claimed as sales unless there is evidence to the contrary – for example the retailer distributes copies free to the consumer. For the avoidance of doubt, copies disposed of by the retailer (not provided to a consumer) do not need to be deducted from the claim.

4. **The retailers' ability to vary supply must not be unduly restricted**

No additional requirements

Note: If you're claiming digital copies, please also refer to the additional requirements in the Digital Copies section.

REPORTING

You will report the following, which will be broken out on the ABC Certificate:

1. Total retail sales (combined with single copy sales) for the Audit Issue for UK and Other Countries.
2. As an option, the cover price of the Audit Issue for UK, ROI or the range of cover prices if reporting international circulation.

GUIDANCE

G1. Single copy made available for purchase by the consumer from the retailer

- a) Cash means legal tender notes and coins, cheque, credit/debit card, wireless payment systems.
- b) This doesn't preclude a retailer selling more than one copy to a single purchaser (without the publisher's knowledge).

G2. Copies are purchased from the publisher by the retailer, on a firm sale basis, either direct or via the distribution chain (typically distributor and/or wholesaler)

- a) You will need to ensure all records required to support the retail sale claim are available for audit. This will include:
 - i) Full issue by issue details of all financial records and contracts with distributors, wholesalers and retailers, with specific regard to normal and recognised trade terms. These must be reconcilable to the distribution records on an issue specific basis and to the average retail sale claim.
 - ii) Details of any change in trading terms from firm sale (if allowed) to sale or return (either temporarily or permanently) or vice versa.
 - iii) Details of discounts or special offers.

G3. The price paid for the publication by the consumer must be clear and conspicuous

- a) As the price paid may be affected by promotional schemes you should keep details of purchases and promotional spends so you can demonstrate copies are purchased and that sales under incentives/offers are classified correctly, or disallowed as necessary. You can contact ABC for confidential advice, supplying copies of the promotional material and offer wording. The information kept may include:
 - Title/s involved
 - Issues involved
 - Duration of promotion
 - Retail outlets involved
 - Wording of the promotion displayed at the retail outlet/s
 - How the resultant copies are claimed
 - How the promotion will be paid for
- b) Treatment of bundle/package promotions
 - i) As each case can vary we recommend you contact us for advice before carrying out your promotion.
 - ii) How the price of the publication is presented to the consumer will affect how or whether the copy may be claimed for ABC purposes.
 - If the price of the publication appears in the promotional material and it is legible (taking into account its presentation and prominence (including the size of the font used) and assuming a reasonable speed of reading) then the price is likely to be considered clear and conspicuous.
 - o Stating the publication's price in relation to the promotion/bundle in the main wording of the offer will provide most clarity.
 - o The further away from the main offer wording and/or less prominent in the promotion the price of the publication becomes, the more likely it will not be considered clear and conspicuous.

- If the price of the publication is linked to the main offer wording with, say, an asterisk - this would make it more conspicuous.
- Merely stating the price of the publication without reference to the bundle/package could just be a statement about the normal price of the publication and so will not necessarily render the price clear and conspicuous.
- If there is conflicting information about the price, then the lowest price assessment would be taken for ABC purposes (which might mean it is free).
- The absence of a clear and conspicuous price would render the copies as free, as would explicit wording stating the publication is free.

Examples:

1. Promotion *“Buy the publication and a bottle of water for £x”*.

The price of the publication is not clear and conspicuous.

2. Promotion *“Buy the publication and a bottle of water for £x”* which is accompanied by the statement *“The price of the publication in this promotion is £y”*

The price of the publication is likely to be considered clear and conspicuous if the accompanying statement is either within the main body of the promotion, or is in a footnote that is asterisked to the main body and is legible.

3. Promotion *“Buy the publication and bottle of water for £x.”* Elsewhere in promotion *“Publication is £y Monday to Friday and £z on Saturdays”*.

The price of the publication is not in the promotion and is unlikely to be considered clear and conspicuous as this statement appears to be the normal price of the publication.

4. Promotion: If a publication ‘ABC News’ is promoted as *‘Buy ABC News for £x and get a free bottle of water’* then the bottle of water is treated as a free gift and it is clear the price paid is solely for the purchase of the publication.

5. Promotion: If the promotion is *‘Buy a bottle of water and get a free copy of ABC News’* then the publication will be treated as free for ABC purposes.

- c) Per section 4b: “The discount or cash reimbursement must be taken into account

Examples:

1. Promotion: *“Buy publication and spend £5 and you get £1 off your publication”*.

The publication is discounted by £1.

2. Promotion: *“Buy publication, spend £5 and get £1 off your shopping basket”*.

The publication is discounted as it is part of the shopping basket, but it is difficult to determine how much it is discounted and will be considered on a case by case basis. In this example, using the minimum spend requirement of the offer gives a 20% discount and would seem a reasonable treatment.

3. Promotion: *“Buy publication and get £1 off a jar of coffee”*. Or *“Buy publication and get the money off the rest of your shopping”*.

The publication is full price, provided that the publication is sold at full price and the reimbursement does not exceed the cost of the items being discounted.

PAID SINGLE COPIES

Single Copy Sales [Print/Digital]

DEFINITION

A single copy sold to a consumer direct by the publisher.

PRINCIPLES

1. **Single copy knowingly paid for by the consumer**
2. **Copies are purchased direct from the publisher**
3. **The price paid for the publication by the consumer must be clear and conspicuous**

REQUIREMENTS

1. **Single copy knowingly paid for by the consumer**
 - a) The purchase by the consumer may be in cash or by other means agreed by ABC in writing.
 - b) Back issues up to 12 months old can be claimed against the issue current at the time of sale.
2. **Copies are purchased direct from the publisher**
 - a) You must account for sales on an issue by issue basis.
3. **The price paid for the publication by the consumer must be clear and conspicuous**
 - a) If a voucher from a publisher controlled promotion is used the amount paid by the consumer is deemed to be the total of the cash paid to the publisher and any cash they paid for the voucher.
 - b) The value (or perceived value) of gifts or cover mounts to the consumer have no effect on the price paid for ABC purposes. Cash reimbursements to the consumer must be taken into account.
 - c) You must retain details of promotional or special offers during the reporting period.

Note: If you're claiming digital copies, please also refer to the additional requirements in the Digital Copies section.

REPORTING

You will report the following, which will be broken out on the ABC Certificate:

1. Total single copy sales (combined with retail sales) for the Audit Issue for UK and Other Countries.
2. As an option, the cover price of the Audit Issue for UK, ROI or the range of cover prices if reporting international circulation.

GUIDANCE

- G1. **Single copy knowingly paid for by the consumer**
 - a) Cash means legal tender notes and coins, cheque, credit/debit card, wireless payment systems.
- G2. **Copies are purchased direct from the publisher**

- a) You will need to ensure all records required to support the single copy sale claim are available for audit. This will include financial records that adequately identify the numbers of each issue of the publication sold, including an audit trail to verify the money received.
- b) For copies sold at exhibitions or events evidence you may need might include:
 - Till receipts/cash sheets allowing monies to be traced through to evidence of banking.
 - Evidence that the publisher or their representatives had a presence at the exhibition or event to corroborate that copies were sold there. *For example: evidence the publisher had booked a stand or pitch at the event, or evidence the copies were delivered to the event venue.*

G3. The price paid for the publication by the consumer must be clear and conspicuous

- a) As the price paid may be affected by promotional schemes you should keep details of purchases and promotional spends so you can demonstrate copies are purchased and that sales under incentives/offers are classified correctly, or disallowed as necessary. You can contact ABC for confidential advice, supplying copies of the promotional material and offer wording. The information kept may include:
 - Title/s involved
 - Issues involved
 - Duration of promotion
 - Outlets involved
 - Wording of the promotion displayed
 - How the resultant copies are claimed
 - How the promotion will be paid for
- b) Promotions/gifts examples
 - If a publication 'ABC News' is promoted as 'Buy ABC News and get a free bottle of water' then the bottle of water is treated as a free gift and it is clear the price paid is solely for the purchase of the publication.
 - If the promotion is 'Buy a bottle of water and get a free copy of ABC News' then the publication will be treated as free for ABC purposes.

PAID SUBSCRIPTIONS

Single Copy Subscription Sales [Print/Digital]

DEFINITION

A single copy sold and distributed to an individual or organisation for a contracted period.

PRINCIPLES

1. **There must be a contractual arrangement between the subscriber and the publisher (or their agent)**
2. **Single copy per issue, distributed to a known addressee**
3. **Single copy knowingly paid for by the subscriber**
4. **For a contracted period and for a minimum number of issues (at least two)**

REQUIREMENTS

1. **There must be a contractual arrangement between the subscriber and the publisher (or their agent)**
 - a) You must be able to provide evidence of the contractual arrangements between the subscriber and the publisher (or their agent) including the issues/period and the price.
 - b) If you merge publications or purchase a subscription list from a ceased publication it must be clear that subscribers have made a choice to receive the publication claimed.
2. **Single copy per issue, distributed to a known addressee**
 - a) You must retain a list of individual recipients for one designated issue each reporting period (the Audit Issue - see General Principles and Record Keeping section). In addition you must be able to recreate a list for any issue in the reporting period on request.
 - b) You must be able to demonstrate the copy is distributed to the addressee.
 - c) Back issues up to 12 months old supplied as part of a subscription agreement can be claimed against the issue current at the time of sale
3. **Single copy knowingly paid for by the subscriber**
 - a) The subscriber must be the addressee except:
 - i) Where the addressee is an employee whose employer is the subscriber.
 - ii) Where the addressee is the recipient of a gift subscription from the subscriber (maximum 12 gift subscriptions per subscriber).
 - b) The purchase by the subscriber may be in cash or by other means agreed by ABC in writing.
 - c) You can claim copies where payment is outstanding as long as there are reasonable grounds to consider them to be live, good and collectable.

Note: If you're claiming digital copies, please also refer to the additional requirements in the Digital Copies section.

REPORTING

You will report the following, which will be shown on the ABC Certificate:

1. Audit Issue total single copy subscriptions for UK and Other Countries
2. As an option, information on the prices paid for subscriptions and/or subscription package information

GUIDANCE

G1. There must be a contractual arrangement between the subscriber and the publisher (or their agent)

- a) If you merge publications or purchase a subscription list from a ceased publication it must be clear that subscribers have made a choice to receive the claimed publication. Examples of how this may be achieved are shown below.

Merger

If you merge publications where there are live subscriptions:

Subscribers to one publication only

- You may continue to fulfil the contractual requirement of the subscription by mailing copies of the 'new' publication until the expiry of the subscription period.

Subscribers to both publications

- You may refund the unexpired portion of one subscription and continue mailing copies until the remaining subscription expires.

OR

- You may net the value of the unfulfilled subscriptions and allocate copies on an issue by issue basis until the value has been subsumed.

Purchase or transfer of subscription lists from a ceased publication

If you purchase or transfer a list of subscribers from a ceased publication, you could claim these as subscriptions if you could demonstrate:

- The amount each subscriber is 'in credit' in terms of the payments for their subscription to the ceased publication
 - How the credit is applied to the subscription to the claimed publication.
 - The subscriber has either
 - i. Elected to continue his subscription to the claimed publication; or
 - ii. Has been given the option to discontinue his subscription to the ceased publication and obtain a refund.
- b) As records for two or three year subscriptions may need to be provided for audit you must ensure these are still available. You may wish to ask us to seal the galley (mailing list) at audit where this might prove difficult going forward.

G2. Single copy per issue, distributed to a known addressee

- a) Distribution evidence: This will usually be from a third party company whose normal business is single copy distribution (such as Royal Mail). Typically the evidence will include testing the payment of invoices and related advice notes sufficient to identify the publication, issue, quantities and date distributed.

G3. Single copy knowingly paid for by the subscriber

- a) Cash means legal tender notes and coins, cheque, credit/debit card, wireless payment systems.
- b) Where payment is outstanding you may take into account the following in considering whether there are reasonable grounds to consider the debt to be live, good and collectable:
 - i) Publisher's normal credit terms
 - ii) Payment history
 - iii) Credit control efforts

Examples of Subscription Promotions:

What's in the subscription promotion?	How is it promoted?	Can it be claimed?	How is it claimed?
Publication A + Handbag	Subscribe today and receive a free handbag	Yes	At price paid (handbag ignored as not ABC claimed)
Publication + Handbag	Buy handbag and receive free subscription to Publication A	Not as paid	Publication is free (could be claimed as free if appropriate criteria met).
Publication A + Marks & Spencer Vouchers	Subscribe for 3 months and receive vouchers for Marks & Spencer	Yes	At price paid (vouchers ignored as not ABC claimed)
Publication A and Publication B (both ABC claimed)	Subscribe to Publication A and receive Publication B free	Publication A Yes. Publication B Not as paid	Publication A at price paid (Publication B treated as free as promoted as free)
Publication A and Publication B (both ABC claimed: Publication A sub normally £80 and Publication B sub normally £40)	Subscribe to both Publication A and Publication B for £100	Yes, both.	Paid
Publication A and Publication B (both ABC claimed: Publication A sub normally £80 and Publication B sub normally £40) + Handbag	Subscribe to both Publication A and Publication B for £100 and receive a handbag worth £50	Yes, both.	Paid
Publication A and Website access (both ABC claimed: Publication A sub normally £100 but Website access is only available as a package with the Publication)	Subscribe to Publication A and receive website access – all for £100	Yes, both	Paid
Publication A + Digital Edition (not ABC claimed)	Subscribe to Publication A for £100 and receive the Digital Edition worth £80	Yes	Publication A Paid (Digital Edition ignored as not claimed)
Publication A + Digital Edition (both ABC claimed: Publication A sub normally £100 and Digital Edition sub normally £50)	Subscribe to Publication A and the Digital Edition for £120 (normally £150).	Publication A only	Paid

Note: The following examples of promotional offers would result in all copies being claimed as paid:

‘Save 25% on your subscription’

‘2 years subscription for the price of one’

‘18 issues for the price of 12’

‘Buy 12 issues get 6 free’ (note: All 18 issues can be claimed as paid, with the price paid being allocated equally across them).

PAID SUBSCRIPTIONS

All You Can Read Sales [Digital only]

DEFINITION

A Digital Copy that a consumer has purchased and viewed as part of a multi-publication package.

PRINCIPLES

1. **Copy is paid for and viewed by the consumer**
2. **There must be a contractual arrangement between any third-party intermediaries/sellers and the publisher to purchase the copies**
3. **If the final paid for and viewed figure is not known then estimates can be made**

REQUIREMENTS

1. **Copy is paid for and viewed by the consumer**
 - a) The consumer has paid for the right to view the copy as part of a multi-publication package. *Note: Although the consumer may subscribe to the multi-publication package for a contracted period, the copies are not treated as subscriptions but claimed on a single issue basis when viewed.*
 - b) Copies can only be claimed if they have been viewed by a consumer. This will be demonstrated by meeting at least the definition of a Publication Active View (a single copy of a publication actively opened by a device for viewing. See full definition*)
 - c) Only one view per device per issue can be claimed
 - d) There is no requirement to de-duplicate it against other circulation categories
 - e) Back issues up to 12 months old can be claimed against the issue current at the time it is viewed

*Publication Active View:

1. Definition: A single copy of a publication actively opened by a device for viewing.
2. Principles:
 - a. A minimum of one page of an issue opened/served on/to a device.
 - b. Distinct action/event by the end user to view.
Note: a single action/request which results in both the content being downloaded/made available and the automatic opening of a page of the publication is not considered a distinct action/event. A further distinct action would be required such as opening a second page.
 - c. The view request must be on an issue by issue basis.

Note: A device may make a number of active views of an issue, either together or at different times. Only one active view per device per issue can be claimed and reported

2. **There must be a contractual arrangement between any third-party intermediaries/sellers and the publisher to purchase the copies**
 - a) Where third-parties are used you must be able to provide:

- i) Evidence of payment to the publisher and between any other intermediaries for the copies claimed
- ii) Evidence of the contractual arrangements between the publisher and any other intermediaries to measure, report and pay the publisher for the copies claimed.

3. If the final paid for and viewed figure is not known then estimates can be made

- a) If at the time you submit your circulation claim you have good reason to believe further copies will be paid for and viewed (for example based on historical trends) then you may make an estimate of final sales.
- b) You must adjust your claim in the following period to reflect any difference between the estimated claim and the actual figure.

REPORTING

You will report All You Can Read Sales as follows, which will be broken out on the ABC Certificate:

- 1. Audit Issue by geographical type:
 - a) United Kingdom
 - b) Other Countries

GUIDANCE

None.

PAID SUBSCRIPTIONS

Multiple Copy Subscription Sales [Print only]

DEFINITION

More than one copy purchased by a known subscriber for a contracted period with the intention to distribute to the same group of individuals over the term of the subscription.

PRINCIPLES

1. **There must be a contractual arrangement between the subscriber and the publisher (or their agent)**
2. **Must be likely copies are received by the same individual(s) over the term of the subscription**
3. **Copies are paid for by the subscriber**
4. **For a contracted period and for a minimum number of issues (at least two)**

REQUIREMENTS

1. **There must be a contractual arrangement between the subscriber and the publisher (or their agent)**
 - a) You must be able to provide evidence of the contractual arrangements between the subscriber and the publisher (or their agent) including the issues/period, the quantities to be supplied and the price.
2. **Must be likely copies are received by the same individual(s) over the term of the subscription**
 - a) You must be able to demonstrate, through the distribution method, that the copies are likely to be distributed to the same individual(s) over the subscription term.
3. **Copies are paid for by the subscriber**
 - a) You can claim copies where payment is outstanding as long as there are reasonable grounds to consider them to be live, good and collectable.
4. **For a contracted period and for a minimum number of issues (at least two)**
 - a) You cannot claim distribution of back issues.

REPORTING

You will report the following, which will be shown on the ABC Certificate:

1. Audit Issue total multiple copy subscription sale for UK and Other Countries.
2. As an option, information on the prices paid for subscriptions and/or subscription package information

GUIDANCE

- G2. Must be likely copies are received by the same individual(s) over the term of the subscription**
 - a) You might demonstrate the copies are likely to be distributed to the same individual(s) over the subscription term by:
 - i) By providing names of the individuals to whom the copies are distributed

- ii) By demonstrating that copies are distributed to the same fixed pool of individuals *e.g. employees of a particular department or company who can reasonably be expected to be present at the same delivery location on an on-going basis.*

3. Copies are paid for by the subscriber

- a) Where payment is outstanding you may take into account the following in considering whether there are reasonable grounds to consider the debt to be live, good and collectable:
 - i) Publisher's normal credit terms
 - ii) Payment history
 - iii) Credit control efforts

4. For a contracted period for a minimum number of issues (at least two).

- a) The contracted period may be a rolling issue by issue (or open ended) arrangement providing the contractual arrangements clearly intend there to be an on-going payment mandate and the sale is not promoted as a single copy purchase.

DIGITAL COPIES

DEFINITION

Digital Copies are copies of a publication published electronically as a unit.

Eligibility and options for reporting

1. Digital Copies can be reported on a Business Magazine certificate providing they meet the relevant circulation and other requirements detailed in these Standards.
2. How the digital copies may be claimed will depend on whether print copies are also claimed and, if they are, whether the digital copies meet the requirements to be classified as an edition of the print publication. The scenarios are:
 - a) The magazine is only published in digital format – the Digital Copies will be reported on their own certificate.
 - b) The magazine is published in both print and digital formats (either for all issues or a mix where some issues are either print or digital only):
 - i) You may:
 - Claim the print and digital copies on the **same** certificate, providing the digital copies meet the requirements to be classified as a Digital Edition of the print publication.
 - Choose to claim the print and digital copies on **separate** certificates, even though the digital copies meet the requirements to be classified as a Digital Edition of the print publication.

If the digital copies cannot be classified as a Digital Edition of the print publication you can register the Digital Magazine as a **separate product** and report the print and digital copies on **separate** certificates.

Definition of a Digital Edition

3. To qualify as a **Digital Edition**, that edition must be sufficiently similar as to be considered the same product as the print Parent Edition. In particular:
 - a) A Digital Edition must be identified as an edition of a print publication reported on the ABC Certificate (the Parent Edition). This means it must carry a logotype/masthead incorporating the generic name of the Parent Edition and be consistent with the general appearance of the Parent Edition.
 - b) A Digital Edition is published electronically as a unit.
 - c) It may be reformatted to suit the different delivery medium. *For example: changes in page size or order.*
 - d) Editorial or advertising may include electronic enhancements or be adapted to take advantage of the medium. *For example: pictures replaced with video*
 - e) Compared to the print Parent Edition you can change editorial content, providing at any point in time:
 - i) A minimum of about 75% of the editorial in the print Parent Edition is present in the Digital Edition.
 - ii) Additional editorial, not in the print Parent Edition, can be added to the Digital Edition up to about 25% of the total editorial by volume in the print Parent Edition

You must declare editorial changes when submitting your claim to ABC and be able to demonstrate they fall within the permitted parameters.
 - f) A Digital Edition may include live social media feeds, news feeds and/or video feeds. These will be ignored in relation to the editorial change requirements.
 - g) A Digital Edition must carry all of the ROP (not classified) advertisements (by number and advertisers) that appear in the print Parent Edition unless agreed otherwise with the advertiser/agency.

- h) You can sell advertisements for inclusion in the Digital Edition only.
- i) If editorial or advertising renders the Digital Edition illegal for publication the specific advertising/editorial may be removed. In this instance you can ignore the relevant editorial/advertising from your calculations of changes.
- j) Digital Editions and their Parent Edition must be published on or about a common distribution date.

Note: In cases where individual issues do not have a Parent Edition (being only published in one format/edition only), then requirements 3e, 3g and 3j above do not apply.

PRINCIPLES

1. **Prior notification of Digital Copy claims and plans are required**
2. **Digital Copies are opted in**
3. **Digital Copies are published and available to the consumer**
4. **Digital Copies must meet requirements of the relevant circulation category except where varied by this section**
5. **Optional metrics/breakdowns can be reported**

REQUIREMENTS

1. **Prior notification of Digital Copy claims and plans are required**
 - a) Digital Copy claims must be audited by ABC Staff Auditors
 - b) You must register your intention to claim in advance of the publication of the issues as part of the audit is carried out during the reporting period.
 - c) You must provide planned distribution dates in advance and notify us of any changes.
2. **Digital Copies are opted in**
 - a) The individual must have either purchased the publication, or requested to receive/view it, with the exception of copies:
 - i) Claimed as Membership Copies, Controlled Colleague-Requested and Controlled non-requested by name categories of circulation
 - ii) If they are Corporate Digital Subscription copies, where the individual is sent an email alert informing them that the issue is available for view/download.
 - iii) That are eligible to be reported in the separate optional additional Digital Copy table, for reporting copies that do not qualify for inclusion in the headline ABC average or Audit Issue circulations (see Reporting section 3 below).
3. **Digital Copies are published and available to the consumer**
 - a) You must provide ABC with free access to the Digital Copies.
4. **Digital Copies must meet requirements of the relevant circulation category except where varied by this section**
 - a) Digital Copies can be claimed only for specified circulation categories.
 - b) In relation to all paid categories you must be able to demonstrate the copy has been sold.
 - c) If the end recipient receives the Digital Copy free:
 - i) You must capture their name and email address.
 - ii) You can only claim one Digital Copy per individual

- iii) You cannot claim the copy if you have provided a paid or free print copy to the same individual (where known).
Note:
 - o You must have a common means of de-duplicating all individually distributed copies where details of the individual are required (for free and paid print copies and other free Digital Copies). *An example of how to achieve this would be by collecting an email address for all print and Digital Copies that require the individual to be known.*
 - o You may opt to report in a separate additional Digital Copy table, those Digital Copies distributed to named individuals for which a print copy has already been claimed (see Reporting section 3 below).
- d) For Corporate Subscription Digital Copies:
 - i) There must be a contractual arrangement between the purchaser (a third party employer) and the publisher for at least two issues.
 - ii) The copies are purchased by the third party employer for its employees
 - iii) The claimed quantity must be restricted to those employees that have personally opted to receive/view the Digital Copy or been sent an email alert informing them that the issue is available to view/download. Note: Any email that generates a hard bounce back must be excluded. *For example: A company takes out a subscription for each of its 100 employees. If only 40 of those employees personally register to receive/view the digital copy then only those 40 copies may be included on the ABC Certificate.*
- e) Gift subscriptions, where the recipient receives a subscription as a gift from a paying subscriber (up to a maximum of 12 gift subscriptions per subscriber), can be claimed as Digital Copy Single Copy Subscription Sales as follows:
 - i) The recipient's email address must be provided.
 - ii) The recipient is deemed (for ABC purposes) as having paid for the subscription.
 - iii) The recipient's geographical location for reporting purposes will be treated as being the same as that of the purchaser making the gift.
- f) In relation to free Digital Copies (where applicable):
 - i) You must send an email alert to the individual informing them that the issue is available for view/download.
 - ii) You must exclude copies where the email alert generates a Hard Bounceback measured at least 24 hours after the email was sent. A Hard Bounceback is where an NDN (Non-Delivery-Notice) such as an SMTP 550 error or other hard bounceback error message is received.
 - iii) You must be able to provide evidence of the emails sent and Hard Bouncebacks received.
 - iv) Recipients may be contacted as part of the audit process.
- g) Where both a print and Digital Copy are circulated to the same individual:
 - i) You can only claim one of these copies per issue towards the average circulation.
 - ii) You may choose whether to claim either the print or the Digital Copy (providing they are eligible) but you must adopt the same policy for all copies in the Reporting Period.
 - iii) You may opt to report in a separate additional Digital Copy table, those Digital Copies distributed to named individuals for which a print copy has already been claimed (see Reporting section 3 below).
- h) You must retain and supply us on an issue by issue basis (or as otherwise agreed) a list of individual recipients for each issue (the 'Total Distribution List' (TDL)) which includes details of all the recipients of individually distributed print copies and all free Digital Copies. We must be able to identify the circulation category/type each copy is claimed in. As referred to above, this list should exclude:
 - i) Duplicate records (i.e. each individual on the list can only be claimed once).

- ii) Individuals where Hard Bouncebacks have arisen from email notifications for Digital Copies.
- i) You must supply us the claim for Digital Copies on an issue by issue basis (or as otherwise agreed).

5. Optional metrics/breakdowns can be reported

- a) You may report a breakdown of Digital Copies by browser, device or other identifiable and auditable metric.

REPORTING

You will report total Digital Copies for the Audit Issue as follows, which will be broken out on the ABC Certificate:

1. By geographical type:
 - a) United Kingdom
 - b) Other Countries
2. By circulation type:
 - a) As for print copies, in the same categories (and aggregated in the total figures):
 - i) Paid Single Copies (Retail and Single Copy Sales)
 - ii) Paid Subscriptions (Single Copy Subscription Sales)
 - iii) Membership Copies
 - iv) Controlled Free Circulation – requested (individual and colleague), and non-requested by name
 - v) Free Requested Delivered Copies
 - b) Digital Copy specific:
 - i) Corporate Digital Copy subscriptions
3. Optional additional Digital Copies table

If you choose to report it, this table identifies additional digital copies that the publisher has circulated, but which do not qualify for inclusion in the headline ABC average and Audit Issue Circulation figures.

	Audit Issue	Average Circulation
Digital copies distributed to named individuals for which a print copy has already been claimed (i.e. Paid, Membership, Requested or Controlled Non-requested by name)	1,839	1,673
Digital copies distributed to named individuals that do not qualify for inclusion in ABC headline figures (i.e. Non-Controlled)	2,332	2,034

GUIDANCE

G4. Digital Copies must meet requirements of the relevant circulation category except where varied by this section

- a) Typically to provide evidence of the email alerts to individuals informing them that the issue is available for view/download you will provide system generated proof (such as a notification log of the email alerts sent). This system generated proof would normally need to include evidence of what has been distributed, when and to whom, such as:
 - i) Date sent
 - ii) Time sent
 - iii) Name of publication
 - iv) Issue identifier
 - v) Email address
 - vi) Size of file delivered
 - vii) Addressee identifier

- b) Our testing of email alerts may involve email 'writebacks' to individuals on an on-going basis during the reporting period which is why we will ask for information throughout.
- c) Retail sales of Digital Copies via a third party retailer (*for example Apple Newsstand, Google, Amazon etc*) will be reported in this category.

DIGITAL LICENCES

DEFINITION

A Digital Licence is an agreement, either paid for or free, to provide the subscriber's multiple users with access to the publication's Digital Edition for a contracted period.

PRINCIPLES

1. **There must be a contractual arrangement between the publisher (or their agent) and the subscriber to provide the subscriber's multiple users access to the publication's Digital Edition**
2. **Licenses and Seats reported separately from print circulation**
3. **Licences and Seats reported by rate – paid or free**
4. **Licences and Seats reported by organisation type**

REQUIREMENTS

1. **There must be a contractual arrangement between the publisher (or their agent) and the subscriber to provide the subscriber's multiple users access to the publication's Digital Edition**
 - a) The Digital Edition must be hosted either:
 - i) On the subscribing organisation's intranet; or
 - ii) Elsewhere and access is controlled via a log-in or password protected process.
 - b) The contracted period must be defined.
 - c) The number of multiple users ('Seats') must be stated. (I.e. General terms such as 'Global' or 'Companywide' are not permitted).
 - d) For free Digital Licences only, the contractual arrangement must include a requirement for the subscriber to notify all individual seats of the availability of each issue.
 - e) The Digital Edition accessed via the Digital Licence must meet the requirements to qualify as a Digital Edition of the ABC certified publication.
2. **Licenses and Seats reported separately from print circulation**

No additional requirements
3. **Licences and Seats reported by rate – paid or free**
 - a) Licences and Seats will be reported by rate, either paid or free.
 - b) You can claim copies as paid Digital Licences where payment is outstanding as long as there are reasonable grounds to consider the debt to be live, good and collectable.
4. **Licences and Seats reported by organisation type**
 - a) Digital Licences and Seats will be analysed by organisation type, the categories being at the publisher's discretion.
 - b) You may optionally report demographic and geographic breakouts with ABC's agreement.

REPORTING

You will report the following, which will be shown on the ABC Certificate:

1. Audit Issue total Digital Licences and Seats analysed into:
 - a) Paid
 - b) Free

GUIDANCE

G4. Licences and Seats reported by organisation type

Example Reporting: Audit issue digital licences analysis

Organisation type	Total		Paid	Free
	No. Licences	No. Seats	No. Seats	No. Seats
Bank	43	530	530	
Pension	52	612	612	
Insurance	100	800	800	
Total	195	1,942	1,942	

GEOGRAPHICAL ANALYSIS

DEFINITION

The Geographical Analysis is an optional breakout of the circulation into geographical locations (mandatory if you have chosen an International certificate type).

PRINCIPLES

1. Publishers may optionally report a Geographical Analysis
2. The circulation is analysed into standardised geographical locations

REQUIREMENTS

1. Publishers may optionally report a Geographical Analysis
 - a) You may report a Geographical Analysis as an optional table added to the Standard Certificate. (Note: It is mandatory if you have chosen an International certificate type).
2. The circulation is analysed into standardised geographical locations
 - a) The Geographical Analysis is a census of the analysed data (i.e. not sample based and no extrapolation).
 - b) You may select the level of detail to which you analyse copies, with the ability to mix different levels from the following:
 - i) World Region. *For example: Europe, North America, Asia*
 - ii) Country. *For example: United Kingdom, Ireland, Germany*
 - iii) UK Region. *For example: East Anglia, East Midlands*
 - iv) UK Counties. *For example: Cambridgeshire, Dorset*
 - c) You may analyse copies as 'Other', which will have a distinct definition (i.e. 'none of the above'), and which you must be able to prove the categorisation. *For example: United Kingdom 3,879 broken out into London 3,100 and Other 779 (being UK but not London).*
 - d) If you cannot prove a copy's categorisation or choose not to analyse it in a geographical category then it will be reported as 'Not analysed'.

REPORTING

You will report the Geographical Analysis as follows, which will be broken out on the ABC Certificate:

1. As an analysis of the Audit Issue circulation.

GUIDANCE

- G2. The circulation is analysed into standardised geographical locations
 - a) Retail sales can be analysed by the geographical location of the wholesaler.

DEMOGRAPHIC ANALYSIS

DEFINITION

You can choose to report demographic information about your circulation on your ABC certificate.

PRINCIPLES

1. There are different types of demographic analyses
2. Demographic details must be supported by identifiable and verifiable evidence that is less than five years old

REQUIREMENTS

1. There are different types of demographic analyses
 - a) Each demographic analysis is a census of the analysed data for the Audit Issue (i.e. not sample based or extrapolated).
 - b) If you cannot or choose not to report data for a copy, it will be identified as not analysed. Note: Non-controlled free circulation must be reported as not analysed for any demographic except the geographical analysis.
 - c) Analysis tables will be one of the following types:
 - i) Single Response Table: There is only one response included for each analysed copy.
 - ii) Multiple Response Table:
 - There may be more than one response included for each analysed copy, unless data is re-grouped when only one response per individual can be counted within a regrouped category.
 - We will add a footnote indicating there are multiple responses for each copy and add the percentage of the Audit Issue total circulation that is analysed.
 - We may require additional explanatory notes if deemed necessary for clarity.
 - iii) Cross Analysis Table:
 - One demographic is cross referenced against another. *For example: Job Title against Number of Employees.*
 - We will add a footnote indicating the number of copies analysed and add the percentage of the Audit Issue total circulation that is analysed.
 - We may require additional explanatory notes if deemed necessary for clarity.
 - d) Any descriptions of grouped data must be representative of the data grouped and not lead to ambiguity about the category in which a demographic could be claimed. *For example having Sales Managers and, IT Managers may be grouped together under one heading 'Managers' (assuming no other Managers).*
 - e) Analysis by job title (if claimed): Where more than one type of a particular job title appears on a demographic table, any generic use of that title must be preceded with the word 'other'. *For example: Sales Managers 1,400, Technical Managers 3,200, Other Managers 2,200.*
 - f) Analysis by site (if claimed): Site analysis demonstrates the number of establishments that the publication is distributed to:
 - i) A site is defined as "An establishment or separate business location primarily engaged in one economic activity at a single location. *For example in the motor trade a chain with five body shops at different addresses would constitute five sites.*
 - ii) Site numbers are shown as an additional column demographic tables.
 - iii) Only places of work must be analysed, not home addresses.

- iv) For demographics, which relate to the Company not the individual (*for example: Industry / Business / Sector, Number of Employees*), you must apply the company level demographic to all individuals at a site regardless of the individual's response.
- vi) For individual-level demographics, *for example: Job Title, Purchasing Influence*:
 - You must analyse sites according to the individuals' demographic responses
 - The total in the sites column may exceed the total number of sites, as different categories may occur at the same site. For this reason we will not total the number of sites on the table and add an explanatory note.

2. Demographic details must be supported by identifiable and verifiable evidence that is less than five years old

- a) At the date you distribute a copy you must have identifiable and verifiable evidence to support the claimed demographic that meets the requirements of the evidence required under the Controlled Circulation section. Note:
 - i) The Audit Issue Mailing list must include against each addressee all demographic data included in your claim. You must ensure your coding system and any grouping of codes into demographic categories is explained clearly.
 - ii) If you have evidence from more than one source (which may be contradictory) you may choose which demographic and evidence you use to support your claim.
 - iii) If you group or convert the data from its original format on source documentation to the format on your database and/or claim then you must retain a record that explains the link between them.

GUIDANCE

1. There are different types of demographic analyses

- a) Site Duplication Level: It is usually impractical to test every site claimed against every other site on the mailing list, therefore you might decide to test on a sample basis. You may use various techniques to identify any duplicates (and recognise sites by a unique number) and you can choose not to carry out a test. However if we carry out a test at audit and find a material discrepancy to the level reported we may revise the claim.

The following advice and method of testing will give an indication of the likely level of site duplications in a mailing list.

- i) Produce an Audit Issue file listing all site addressees with all site level demographics claimed.
- ii) If you sort the mailing list by geographical region/postcode, with a secondary sortation by company name alpha then duplications will often, but not always, appear next to each other.
- iii) Test a sample of 100 sites for duplications on an 'nth' interval basis where the nth number is calculated as follows:

$$\frac{\text{Total number of sites for Audit Issue}}{100} = \text{nth number}$$

Select every nth site in the list starting at a random point within the first 'n' sites and scan the particular geographical for duplicates of each selected site.

- iv) Calculate the duplication level as a percentage

Quantify the duplications, remembering that two occurrences of a site count as one duplication, three occurrences count as two etc. Watch out for companies that might have changed name or moved which can lead to the same site being included as a duplicate.

For example:

100 sites checked 5 duplicates found = 5% site duplication on the list.

- v) Report the duplication level on the return

The figure is reported as a whole number (you can round down). You do not need to reduce the site claim to take account of the level of duplication, unless it exceeds 5% in which case sites cannot be claimed.

EDITIONS

DEFINITION

An Edition is a version of an issue of the publication that varies from the Main Edition (the UK and/or ROI version that has the largest circulation), usually for reasons of geography, timing or content. How it has varied from the Main Edition will affect how or whether it can be included on the same ABC Certificate.

PRINCIPLES

1. **An Edition must be in keeping with the overall issue to be reported on the same ABC Certificate**
2. **Changes to an Edition may require a breakout on the ABC Certificate**

REQUIREMENTS

1. **An Edition must be in keeping with the overall issue to be reported on the same ABC Certificate**
 - a) The Edition must carry a logotype/masthead incorporating the generic name of the Main Edition.
 - b) The branding and appearance of the Edition must not give the impression that it is a different publication than the Main Edition. For the avoidance of doubt a change in format alone (such as a change in publication size) will not infringe this requirement.
 - c) The Edition must carry the same cover date/issue identification as the Main Edition.
 - d) The Edition must be published and distributed on or about the same date as the Main Edition.
 - e) There can be up to 100% change in advertising (including classified) from the Main Edition.
2. **Changes to an Edition may require a breakout on the ABC Certificate**
 - a) Where there are any advertising changes, you must report the average and Audit Issue total circulations for that Edition, which will appear on the Certificate.
 - b) Advertising changes are ignored for ABC purposes if:
 - i) They are made solely because their inclusion would, in the opinion of the publisher, the advertiser or their agency render the publication illegal in a particular territory. Note: This opinion must be judged reasonable by the auditor and ABC.
 - ii) The advertisement has changed but it is the same advertiser.
 - c) Where the Edition is in a different format than the Main Edition *for example A5 rather than A4*, you must report the average and Audit Issue circulation for that Edition, which will appear on the Certificate.
 - d) If you do need to breakout an Edition then the Main Edition will be broken out as well.

GUIDANCE

None.

ISSUES TO BE INCLUDED/EXCLUDED

DEFINITION

All published issues for which the majority of the distribution took place within the Reporting Period must be included except for any issues allowed to be excluded according to this section.

PRINCIPLES

1. **All issues published in the Reporting Period must be included**
2. **Published issues that are allowed to be excluded according to this section may be removed from the average circulation figure**
3. **Issues allowed to be excluded from the average circulation figure will be reported**

REQUIREMENTS

1. **All issues published in the Reporting Period must be included**
 - a) Whether an issue is included in the Reporting Period is determined by the date by which 50% of the claimed distribution is distributed/made available. For each component of distribution the date distributed/made available is determined as follows:
 - i) Mailed copies: The date the copies enter the distribution chain, i.e. when they are posted or delivered to a courier.
 - ii) Paid copies: The first date the copies are made available to the consumer, i.e. for retail sales the first official on sale date.
 - iii) Copies made available for pick up by consumer: The date the copies are made available/handed out to the consumer.
 - iv) Free Digital Copies: The date email notifications are sent.
2. **Published issues that are allowed to be excluded according to this section may be removed from the average circulation**
 - a) There are certain circumstances under which you may exclude an issue from the reported circulation. The circumstances and information surrounding any exclusion are subject to audit.
 - b) **ABC granted exclusion:** You may exclude an issue for which we have issued an exclusion note. You can apply for an ABC granted exclusion if:
 - i) Due to circumstances outside your control the achieved auditable distribution of an issue is less than planned, resulting in a reduction in the publication's average circulation greater than 0.5%.
 - ii) You submit your application to us before you submit your circulation Return, including details of the issue concerned, its distribution date, the planned and achieved distribution and the reason for the shortfall.

If we do not issue an exclusion note we will issue a rejection notice detailing the reason for rejection
3. **Issues allowed to be excluded from the average circulation figure will be reported**
 - a) Any issues excluded from the reported circulation will be reported on the Certificate.

REPORTING

You will report the following which will be reported on the ABC Certificate:

1. Number of issues included in the circulation claim.
2. Details of any issues excluded from the circulation claim, including for each:
 - a) The general reason for exclusion.
 - b) The total net circulation.

GUIDANCE

None.

REPORTING PERIODS

DEFINITION

Each ABC Certificate has a defined Reporting Period which identifies the date or dates it covers.

PRINCIPLES

1. You must report a continuous series of Reporting Periods on a mandatory frequency
2. You can report optional shorter Reporting Periods

REQUIREMENTS

1. You must report a continuous series of Reporting Periods on a mandatory frequency

- a) Once we have issued a publication's first ABC Certificate for a mandatory reporting period we must continue to issue Certificates for subsequent consecutive mandatory Reporting Periods (i.e. so there is no gap in certification) while the publication remains registered.
- b) Depending on the market sector in which the publication is reported the mandatory Reporting Period will either be:
 - i) 12 months, 1st January to 31st December
 - ii) 12 months, 1st July to 30th June
 - iii) For annual publications (1 issue per year) the distribution period (the entire date range over which the claimed copies have been distributed) or a single principal distribution date (the date by which more than 50% of the claimed distribution has occurred).
- c) Changing the mandatory frequency, if possible, is expected to be infrequent. We reserve the right to reject or impose conditions on requests to change frequency if in our view this might affect transparency or comparability.
- d) If in our opinion there are exceptional changes to a publication during the Reporting Period that mean issuing a Certificate for the mandatory Reporting Period in full might lead to confusion or a lack of transparency in the data certified, then we may agree or require the issue of more than one Certificate covering the mandatory period. *For example if a publication changes from a paid circulation model to free circulation during the period then one Certificate could be issued up until the point of change and one from that point to the end of the mandatory Reporting Period.*

2. You can report optional shorter Reporting Periods

- a) Optional Reporting Periods are whole months or any number of whole months in addition to mandatory Reporting Periods. Note: A month is a calendar month.
 - i) You can report an optional single issue with the condition that you must then also report to the next 6 month mandatory period end (i.e. to 30th June or to 31st December).
- b) For newly registered publications only:
 - i) You can report single issues until the start of the next month.
 - ii) You can report one or more consecutive optional Reporting Periods (i.e. there is no gap in certification) before reporting your first mandatory Reporting Period.

GUIDANCE

G2. You can report optional shorter Reporting Periods

- a) Please contact us regarding any additional optional periods as early as possible in order that we can discuss fees and scheduling of audits.

RETURN FORM SUBMISSION, AUDIT, CERTIFICATION

DEFINITION

The Return Form is a submission in which the circulation claim is reported to ABC for certification. Each circulation claim is subject to audit.

PRINCIPLES

- 1. A Return Form must be submitted for the registered product for every applicable Reporting Period**
- 2. The Return Form must be submitted by the Submission Deadline**
- 3. ABC will issue a Certificate based on the Return Form**
- 4. Each circulation claim is audited to verify it is in accordance with the applicable Reporting Standards**

REQUIREMENTS

- 1. A Return Form must be submitted for the registered product for every applicable Reporting Period**
 - a) You must submit a Return Form for the applicable mandatory and optional Reporting Periods you have chosen to report.
 - b) We will advise you how to submit your Return Form. *For example online via the ABC eReturn website.* However if you have not heard from us at the appropriate time please contact us.
 - c) You will submit your Return Form to us, authorised by an appropriate individual representing your organisation.
 - d) Whilst our systems contain some arithmetic and logic validation processes, the accuracy of the Return Form remains your responsibility.
 - e) Estimates and assumptions must not be made on the Return Form unless the Reporting Standards allow for them, or we have authorised them.
- 2. The Return Form must be submitted by the Submission Deadline**
 - a) We will publicise the applicable Submission Deadline.
 - b) It is your responsibility to ensure Return Forms are submitted by the Submission Deadline. Failure to do so can result in a penalty and/or cancellation of your product's ABC registration under the ABC Byelaws.
- 3. ABC will issue a Certificate based on the Return Form**
 - a) We will publish the certified data on our website subject to any timing criteria applicable to the sector. We may also make arrangements to provide our data to be published via commercial data providers and to those who subscribe to our data services.
 - b) We will confirm when circulation figures will become publicly available, normally 5 working days after a draft Certificate has been sent to you.
- 4. Each circulation claim is audited to verify it is in accordance with the applicable Reporting Standards**
 - a) The audit must be carried out by ABC Staff Auditors.
 - b) Requirements in relation to the auditor and audits will be covered by the ABC Byelaws, ABC Audit Programmes and contractual arrangements.

- c) If following an audit we identify material problems with the Return Form or Certificate then we will propose to revise the claim. If a Certificate has already been issued we will issue an updated certificate that identifies the changes. This replaces your original Certificate and must be used in its place. The process is as follows:
 - i) We will send you a letter detailing the reason/problem giving rise to the amendment.
 - ii) You will have 10 working days from the receipt of this letter to provide any further information to us, or object to the revision of the claim.
 - iii) If you wish to object to the revision of the claim you must do this in writing to the Director of Audit who will investigate and provide a decision within 10 working days. If the objection is to a decision by the Director of Audit or the Chief Executive then the first level of appeal will be in accordance with the Review Procedure detailed in the ABC Byelaws.
 - iv) Subsequent Certificates will not be issued until we have resolved all queries on a previous audit and issued the updated Certificate, if applicable.
 - v) We identify updated certificates on our website.

GUIDANCE

None
